

SINGING SOLO—Representative Dixon Holman of Fort Worth is shown in Austin as he entertained the House of Representatives by singing three songs while strumming his guitar. Holman, who has recorded several records, played for the lawmakers after they adjourned for the day. The House gave him a standing ovation after he completed the entertainment.

Hamlin-Stamford Highway Routing Finally Arranged

DePriest School New Homemaking Cottage In Service

New homemaking cottage for DePriest Colored School was put into service this week with resumption of class work at the institution, it is reported by E. S. Morgan, principal.

Recently completed at a cost of about \$7,000, the building consists of a sewing room, living room, dining area, bath and a two-unit kitchen. The kitchen is equipped with electric and gas cook stoves.

Mrs. W. L. D. Glass, area supervisor of the State Department of Education, will visit the school this week, concentrating her inspection on the homemaking department.

Mrs. E. F. Ford, the homemaking instructor, says the group of girls is in the midst of the first semester's work. This semester's project have included units on family relationship, child development and foods. They are studying foods now.

Mrs. Ford will attend the district Negro Homemaking Association meeting to be held at Lubbock Saturday. She will carry along Eula Davis, Juanita Douglas and Jessye Faye Williams.

Christmas Seals For TB Funds Put In Mails in Area

Mailings containing Christmas Seals designed to raise funds for the continuing work of the Jones County Tuberculosis Association were due to be put in the mails today (Thursday), according to Ima B. Dougherty of Anson, chairman of the county unit.

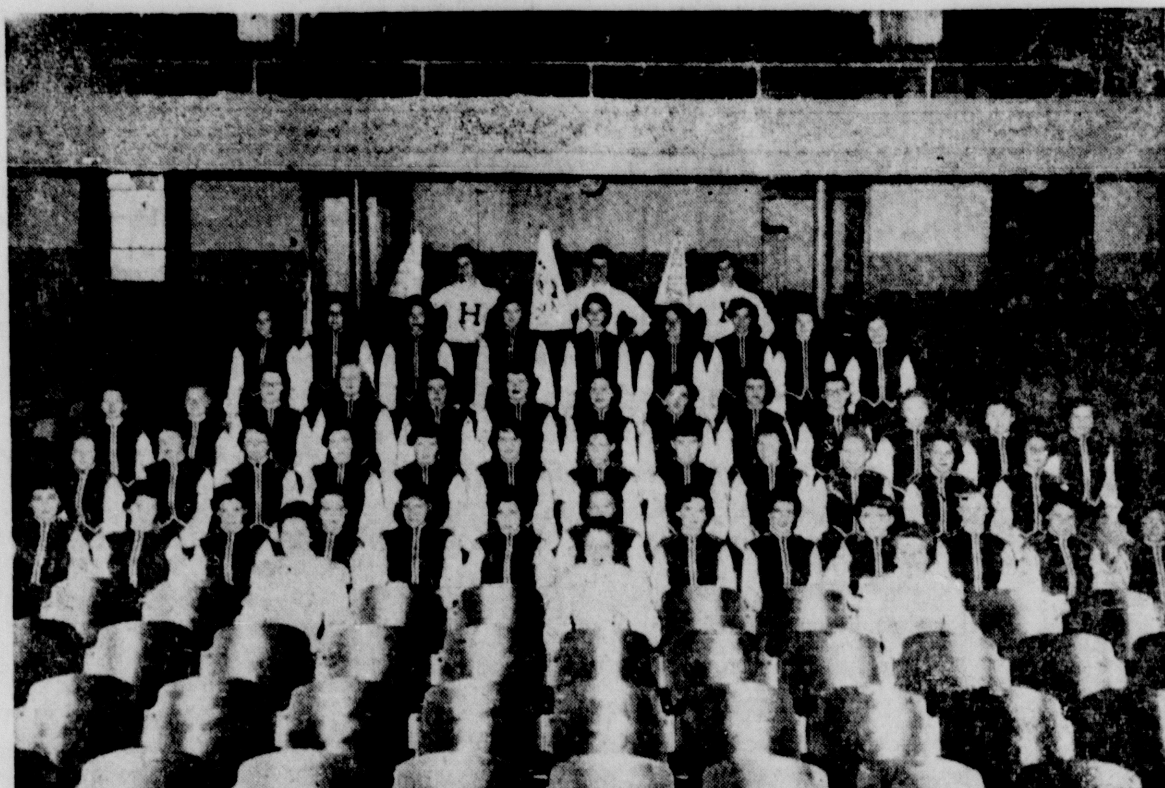

More than 2,000 letters containing the seals, with return envelopes, had been prepared by members of the Hamlin Business and Professional Women's Club.

Miss Dougherty gave the following information in connection with dispatch of the letters:

Since 1907 most American families have received and responded to letter which contain Christmas seals and request a contribution to fight tuberculosis the year around. This has helped to cut the TB death rate 95 per cent. Yet TB still kills more people than all infectious diseases combined. No one is safe from TB until all are safe.

TB will not be wiped out this year or next year, but great progress has been made. Help protect yourself from tuberculosis by helping eradicate this contagious disease from your home town.

When you buy Christmas seals you make a gift for the future, when TB will be wiped out. Remember to answer your letter—buy and use Christmas seals!

PLAYING AN IMPORTANT ROLE in providing enthusiasm and encouragement at all the football games of the Hamlin High School Pep Squad for the season that will close Friday night has been the group of Pep Squad girls shown above. Directed by Dora Mitchell, the girls have performed in their colorful green-and-white uniforms at all but one game. Members of the Pep Squad are: Elva Siburt, head cheer leader; Eva Wallace, head majorette; Emma Payne and Alice Holden, managers; Wynama Hayes, Joyce Hines, Benita Smith, Sandra Stuart, Barbara Butler, Paula Andrews, Billie Dominey, Jo Ann Hallum, Lethera Hill, Louise Lakey, Betty Maberry, Melba Osborne, Gerry Rumfield, Judy Teichmann, Barbara Waldon, Glenda Williams, Glenda Wright, Judy Ford, Betty Galloway, Pat Kelly, Joyce Gray, Frances Howard, Ann Maberry, Kay Milliam, Carolyn Nunley, Dorna Stapler, Lillie Sue Austin, Gwendolyn Brown, Minna Campbell, Londa Cavitt, Eula Mae Collins, Darla Harkey, Jorene Hudspeth, Suzanne Jenkins, Nina Jean, Jennie Lynn Law, DeNetta McCracken, Reta Maynard, Melinda Martin, Dora Faye Palmer, Charlene Pendley, Ann Rabjohn, Janice Richardson, DeGwen Sanderlin, Sarah Snapp, Myra Siburt, Jane Taylor, Janice Ueckert, Sharon Wyatt and Nell Waldon.

Hearing Set for Tuesday at City Hall for Public

Proposed route of the widening and straightening project for State Highway 92 from Hamlin to Stamford has about been agreed upon by Texas Highway Department officials and members of the Jones County Commissioners Court, it was announced this week by highway department leaders in this area.

The routing has been kicked around for several months in the face of complications that have been encountered along the various suggested routes. Principal barrier to widening the present route has been the location of the main line of the Lone Star Gas Company along the south line of the present narrow right-of-way. Cost of moving the line has been more than the county could sustain. A route north of the Katy Railway line was surveyed, as well as two other routes south of the present highway.

Present plans call for the route to leave Hamlin on the present route through the colored section, thence east to strike a point just south of Highway 92 about even with the Hamlin East Cemetery. At that point the routing would follow a course some 120 feet south of the gas line, making the highway center about 75 feet south the present highway center. This routing will necessitate the moving of several farm homes farther back from the highway, but will not mean cutting farms badly as projected in another plan. That pattern would be followed east for some 11 miles to the C. P. Amerson place, where the gas line crosses the highway. From there to the intersection of Highway 277 south of Stamford the route would be a widened project of the present highway.

Voters of the north one-third of Jones County voted last December \$60,000 in road bonds to provide money for purchase of right-of-way. Since the complications require more money than expected, the state has agreed to pay a portion of the cost of additional right-of-way.

A public hearing on the proposed routing of the route in the Hamlin city limits has been set for next Tuesday, November 19, at 2:00 p. m. in the Hamlin city hall.

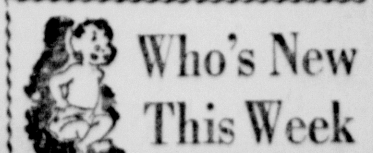

Rev. Jake Armstrong To Lead in Revival at North Central Baptist

Annual fall revival of the North Central Avenue Baptist Church will begin Sunday, it is announced by the pastor, Rev. Woodrow McHugh. The series of services will continue through Sunday, November 24.

Evangelist for the eight-day will be Rev. Jake Armstrong, pastor of the Hawley Baptist Church. A forceful young preacher, he is an interesting speaker and Bible scholar, declares McHugh. The public is cordially invited to attend all the services.

Morning services will be from 9:00 till 10:00 o'clock, and evening preaching hour will be 8:00. Preceding the evening services prayer groups will meet at 7:30.

An all-night prayer meeting is scheduled for Saturday night preceding opening of the meeting on Sunday, McHugh announces.

Who's New This Week

Mr. and Mrs. Joe J. Koch of Riverside, California, are announcing the arrival on October 31 of a son. Weighing six and one-half pounds, the youngster has been named Jimmie. Mrs. Ed Bailey of Hamlin is the maternal grandmother.

Rains Still Hamper Cotton Harvesting

Rainy weather that has persisted in the Hamlin area for several weeks, hampering the harvest of

the best cotton crop in 10 years, maintained its vigil hereabouts during the past week. Rainfall for the past six days has totaled a little more than an inch at Hamlin, and has been reported heavier in neighboring communities.

First Methodist Pastor Helps Plan Crusade

To help make plans for the state-wide crusade, "Tell Texas About Christ" to be promoted by the Methodist Churches of Texas, Rev. Edmund W. Robb, pastor of the First Methodist Church, was in Dallas Tuesday to attend a meeting of representatives of the five Texas conferences.

Robb is representative of the Northwest Texas Conference, and the session will convene the executive council on youth evangelism.

Robb declares the forthcoming crusade will be the greatest evangelistic effort in the history of Methodists in Texas.

GOT HIM RILED UP.

A sailor who was about to have a tooth pulled was so frightened at the prospect that the dentist sympathetically offered him a shot of whiskey. That seemed to help so he gulped down still another.

"Feel any braver?" asked the dentist.

"Do I feel any braver?" snarled the sailor. "Brother, I'd like to see anybody try to mess with my teeth now!"

Probably around 10 per cent of the cotton in the Hamlin region has been gathered. The balance is not particularly hurting except that considerable standing in the fields. Little of it has been beaten out by the rains. Many green bolls on the cotton are threatened by freezing, of course.

Hamlin FFA Teams to Participate in District Contests Monday at Stamford

Hamlin High School chapter of Future Farmers of America plans to enter six teams in the Stamford District FFA leadership contests next Monday at Stamford. The boys are preparing this week for the contests in their regular classroom studies.

Hamlin boys will enter teams in junior and senior chapter conducting, junior and senior farm skills demonstrations, junior FFA quiz, and farm radio broadcasting.

Main purpose of the leadership contests, according to T. C. Blankinship and Harold Eades, local advisors and instructors of the vocational agriculture group, is to further aid the boys in leadership and citizenship training which they receive in their class work.

North Jones County Singing Set Sunday

Special singing groups are expected to attend the Jones County North Side singing Sunday at the Assembly of God Church in South Hamlin.

Singing will get underway about 2:00 o'clock, to which the public is invited, say officials of the singing organization.

In the chapter conducting phase of the contest the boys learn how to conduct a business meeting according to recognized practices of parliamentary procedure, using Roberts Rules of Order as a guide.

Farm skill demonstrations consist of selecting some skill which the boys need to learn more about and then practice that skill until they are thoroughly familiar with it. During the actual contest the boys will tell the importance of the skill, materials needed for the skill, and then actually demonstrate and explain the skill before their judges.

The Junior FFA quiz team studies all about the aims and purposes and functions of the FFA and its history and then take a written examination at the contest.

The radio team will use a script related to some local aspect of agriculture and present their program over a loud speaker system before judges.

Since the local group has not completed their teams, names for the six teams are not available at this time.

Hamlin boys will compete with FFA chapters from 16 vocational agriculture departments in this general area.

Date for Community-Wide BCD Banquet Set January 10

Pasture Clinic to Attract Farmers to Anson Tuesday

Numbers of Hamlin area farmers and ranchers should be interested in a county-wide pasture clinic that will be conducted at Anson next Tuesday, November 19, starting at 10:00 a. m. in the county court room.

E. M. (Ted) Trew, pasture specialist with the Texas A. & M. Extension Service, will conduct the meeting, according to Bill Lehman, county agent, and Ray Walker Jr., assistant extension agent.

The morning program will be devoted to information on winter and summer temporary pastures, grazing management, hay production, use of silage and silage varieties and working pastures into a farming system.

After lunch at 1:00 p. m. the group will visit two pasture demonstrations to see comparisons of common sudan, sweet sudan, sorghum alnum and the new perennial sweet sudan.

PREACHING for a series of revival services beginning Sunday at the North Central Avenue Baptist Church will be Rev. Jake Armstrong (above), pastor of the Hawley Baptist Church. Services will be held at 9:00 a. m. and 8:00 p. m. It is announced by Rev. Woodrow McHugh, pastor.

REAL ECONOMY.

The best thing to save for old age is yourself.

Vital Speaker to Be Secured for Special Program

Friday evening, January 10, has been set by members of the arrangements committee for the community-wide banquet in perfection of the organization of a Hamlin Board of Community Development, according to James Josey, committee chairman.

The affair, expected to attract from 300 to 400 citizens of the Hamlin trade territory, will be held at the new Hamlin High School gymnasium. Time will be 7:00 o'clock.

The project is the fruition of several meetings of civic groups and other club representatives aimed at forming a civic organization to function as a community civic organization since the demise of the Hamlin Chamber of Commerce two years ago.

Committees to make arrangements for the community-wide gathering were named last Tuesday evening when representatives of some 20 community groups met at the oil mill guest house. Names of committeemen were given in last week's Herald.

Chairman Carl Murrell of the program committee says that efforts are being made to secure an outstanding speaker to highlight the program for the evening.

Chairman Gene Prewitt of the nominations committee says his group, made up of presidents of the 20 clubs and other organizations represented, will be called for a session within a few days to discuss plans.

Oak Grove Revival to Begin Monday Night

Revival services will be held for eight evenings beginning Sunday at the Oak Grove Colored Baptist Church, according to the pastor, Rev. W. L. Johnson. Services are scheduled each evening at 7:45 o'clock.

Rev. W. L. Brown, pastor of the Macedonia Baptist Church in Fort Worth, will do the preaching in the revival, beginning Monday.

DRUG STORE UNROOFED BY TORNADO—The walls and roof of this drug store at Groves were ripped away by a tornado that killed two persons in the Southeast Texas town. The twisters that struck at the southeast corner of Texas and portions of Louisiana and Mississippi last week killed at least 12 persons and left destruction in their wake.

Looking across the American landscape, one is held together by a vast network of super-highways, dotted with 300-horsepowered cars. It is hard to believe that within the memory of many of our citizens there is a vivid recollection of stage coaches and prairie schooners.

In fact, just since World War II the scene has changed with incredible rapidity. Eleven years ago 34,000,000 registered vehicles moved across 660,000 miles of surfaced roads. Today, with vehicle registrations nearly doubled to 62,000,000, we are making use of 996,000 miles of the same kinds of highways.

A second glance at the above figures reveals one interesting and challenging fact about our transportation system. While roads have increased a little more than 50 per cent, vehicles have zoomed a whopping 82.4 per cent.

This, then, leaves us with one of the most basic problems in traffic accident prevention. Now, with these unbalanced increases, can we maintain a maximum of safety and, at the same time, improve transportation efficiency?

Here in Texas we have been most fortunate in our road building program. Our State Highway Departments has built and maintained more than 55,000 miles of excellent highways. Our highway patrol is doing an outstanding job of law enforcement.

With these advantages, why is it that in 1956 we suffered 2,611 deaths and injured 111,501 persons on our Texas streets? Why? How can we attack this daily threat to our lives? What is the cause?

Public apathy, in regards to safety training, and absence of safety habits, have actually created the problem.

Engineering of good highways and enforcement of the laws are equally vital to the traffic

safety program, but they are insufficient so long as an indifferent public remains blind to its own responsibilities.

Education is probably the weakest link of the traffic safety chain. Education in our schools and of the general public to develop the proper attitudes.

Take the driver education program, for example. It is sorely in need of expansion. At the present time less than 400 schools are teaching D-E courses, and these reach a relatively few thousand boys and girls. A D-E bill, sponsored by the Texas Safety Association, was recently defeated in the fifty-fifth Legislature. Why? because of a lack of public support. Its failure to pass can only result in additional injury and loss of life to our adults of tomorrow. We cannot expect our youth to learn to drive a car safely without adequate training any more than we could expect them to pilot an airplane without the proper instruction.

Among adult motorists of today's "hurry up" world, impatience for speed seems to be the principal cause of most accidents. It is a hard factor to overcome, because it is difficult to understand why a supposedly intelligent driver will jeopardize his own life, that of his family and a fellow motorist merely to save a few seconds of time. Ignorance must be the answer—somehow or other, this type of driver has failed to learn the simple ratio of speed to death. We Texans are paying for this sort of ignorance, too; at the rate of seven lives and 305 injuries each day, plus an interest rate of over \$150,000,000 a year.

It looks as though the answer to our highway accident ills rests with the individual. As one sage has put it: "When the people tire of the present highway carnage they'll put a stop to it . . . and not before." Frankly, we hope we tire of it soon!

What makes an "ideal physician?" Dr. P. H. Woutat of Grand Forks, North Dakota, has provided his answer, and it's a compelling one.

The ideal physician, first, must be a man of top abilities, faultless personal habits and the talent to inspire confidence and respect in others.

He must be active in community affairs of all kinds, and a frequent church-goer.

He must be available to service, education, religious and other groups which are seeking reliable information on medical subjects.

He must work on and contribute liberally to fund raising campaigns for hospitals, young people's organizations, homes for the aged, charities and other good works.

He must be active in local and state medical societies and must attend hospital staff meetings, as a participant and educator.

He must be a good family man, "with a gracious and tactful wife who abhors mink coats and other vulgar extravaganzas . . ."

Finally, Dr. Woutat says: "But above all this, he must never fail to give his patients the finest possible medical service, keeping always abreast of medical progress by reading, attendance at medical meetings, and taking frequent post-graduate courses. He must be a tireless worker and improve his public relations by spending adequate time with his patients, answering urgent calls promptly, day or night, and by not keeping his patients waiting. This must all most certainly be done for what has been vaguely defined as a reasonable fee."

All over the country, thousands of doctors are doing a splendid job of living up to such standards as these.—Exchange.

The United States Department of Labor has applied a report which implies that the excessive wage increases have been the key cause of the rise in prices of the past decade in this country.—Humbolt, Iowa, Republican.

The United States is ever ready to meet the Russians half way in any sincere move to ease world tensions. But let's not be overwhelmed by the new TV personality, Nikita Krushchev, as we would be by a Lawrence Welk.

Our State Department was quick to emphasize that there was nothing new in Krushchev's proposals with respect to disarmament and troop withdrawal. Furthermore, Senator William F. Knowland, writing in a recent issue of Western World, gave effective replies to the Communist boss even before his television interview.

Knowland pointed out that Soviet proposals to reduce armed strength in Europe have always been coupled with a demand that United States forces be pulled back to North America. This means, for practical purposes, that the first line of effective western defense of Europe would be 3,000 miles to the west while the Soviets would withdraw only 500 miles to the east.

The military absurdity of such a step is, as Knowland points out, clear for all to see. If Russia really wants genuine peace, he argues, let it withdraw all of its military and political forces from the enslaved nations and allow the United Nations to hold free elections there. "The greatest force for stability and peace in the world," says the senator, "is human freedom."

What say to this, Mr. Krushchev?—Grit.

Our forefathers knew the blessing of planting at seed time, reaping at harvest time without government restriction, and the joy of deserved repose after hard and satisfying labor. They lived by God's command of "six days shalt thou labor," and looked only to God and their own efforts to provide their needs.—Prestiss, Mississippi, Headlight.

★ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

News of interest in the Hamlin community of 30 years ago included the following, reproduced from the issue of The Hamlin Herald dated November 11, 1927:

Honor roll for the high sixth and low seventh grades lists these names: Dorothy James, Elaine Harris, Ouida Merle Withers, Vivian Brown, Mildred Nobles, Ruby Faye Greenway, Bernice Fairry, Delbert Rountree, Edith Bruner, Evaline Graham and Oletta Carlton.

Hamlin's Pied Pipers defeated the Stamford football boys in a fast game Friday afternoon by a score of 7 to 6.

The home of Mr. and Mrs. Orb Fannin on the N. R. Packwood farm in the Flat Top community was destroyed by fire Saturday afternoon.

Hilton School opened Monday. Teachers are Prof. and Mrs. Reeves, Letha Rowland and Miss Green.

Printed as news in the Hamlin vicinity 20 years ago were the following items, taken from the issue of The Hamlin Herald dated November 12, 1937:

Ann Ferguson, a student in Texas Tech at Lubbock, spent the week-end here with her mother, Mrs. B. S. Ferguson.

Bert Pribble was in El Paso Monday and Tuesday on business.

Thad Harden, who is doing post-graduate work at A. & M. College, returned home this week to put his final o. k. on the work of the Harden Hotel.

Hamlin stores were closed all day Thursday in observance of Armistice Day.

Mrs. C. A. Thompson was hostess to members of the G. C. O. Club at her home Wednesday afternoon. Attendees were Mmes. A. M. Hood, Grady Brummingham, L. M. Pylate, Roy Hayes, R. P. Holley, Tom Vaughan, T. E. Jones, Ralph Andrus, A. Band, J. T. Young and a guest, Irene Thompson.

Among items of interest in the area 10 years ago were the following news briefs, taken from the issue of The Hamlin Herald dated November 14, 1947:

Hamlin Memorial Hospital will be ready for furniture and equipment this week-end, according to Bowen Pope, manager of the hospital association, which is building the plant. Dr. J. F. Hocott will head the staff at the new institution.

Dr. Will C. House, pastor of the First Methodist Church, will be the Thanksgiving union service Wednesday evening, November 26, at the First Baptist Church. It is announced by the Hamlin Ministerial Alliance, sponsor of the annual union service.

The Hamlin Pied Pipers and the Albany Lions tied 6 to 6 in last Friday night's football game. The two teams are tied for the cellar position in District 11-A. Hamlin has lost seven straight games and tied one.

Considered news in the Hamlin community five years ago were the items below, reprinted from the issue of The Hamlin Herald November 14, 1952:

Members of the junior and senior classes at McCauley High School, southwest of Hamlin, went out last Tuesday to the cotton fields and pulled cotton. All receipts, totaling about \$45, went into the junior-senior trip scheduled next spring.

Elected head of the 1952 class of Future Homemakers of America at Hamlin High School was Noel (Duck) Weaver, popular student and football player on the Pied Piper squad.

George W. Poe Sr., 71-year-old retired farmer and pioneer Jones County resident, was found dead Tuesday at his home in Hamlin, probably the victim of a stroke.

Happenings in the territory a year ago included the following, reprinted from the issue of The Hamlin Herald dated October 11, 1956:

A new highway to the Old Glory community north of Hamlin was set as the major project of the recently organized Hamlin Planning Board, according to Fred Smith, president.

Total of 1,128 homes in the Hamlin community were surveyed in the recent religious census conducted by the Hamlin Ministerial Alliance.

Voters of Jones County gave the Democratic ticket a majority in voting last Tuesday.

Farmers in Texas will have 7,474,661 acres available on which to grow their 1958 upland cotton crop, and producers of extra long staple cotton 27,829 acres.

These state allotments, according to the State Agricultural Stabilization and Conservation Committee, will be apportioned among the counties and the county allotments, to be announced later, among the farm according to the provisions of the law and regulations issued by the secretary of agriculture. The state committee adds that individual farm allotments will be mailed to cotton producers prior to the December 10 referendum on marketing quotas for the 1958 crops.

In the case of extra long staple cotton, the secretary of agriculture has designated 10 Texas counties as being eligible to receive allotments. They are Brewster, Culberson, El Paso, Jeff Davis, Hudspeth, Loving, Pecos, Presidio, Reeves and Ward.

The state committeemen point out that the December 10 referendums, for upland and extra long staple cotton growers, will determine whether or not marketing quotas will be operative for the 1958 crops. At least two-thirds of those voting in the two referendums must approve the quotas if they are to remain in effect. Acreage allotments, however, say the committeemen, will be in effect regardless of how the votes go. Acreage allotments are a condition of eligibility for price support.

A national marketing allotment and national acreage allotment for upland cotton must be proclaimed for the following year if the secretary finds that the total supply of upland cotton for the current marketing year exceeds the normal supply. For extra long staple cotton, quotas and allotments must be proclaimed whenever the total exceeds the normal supply more than eight per cent.

The state committeemen point out that growers of both types of cotton have approved quotas for the last four years.

The attractive woman psychiatrist was attending a convention. At one of the lectures the man sitting next to her began giving her the eye, then slowly put his arm around her. Annoyed, she was about to give him an angry retort but suddenly changed her mind.

"Why should I get angry?" she decided. "After all—it's his problem."

No matter the occasion, good taste and thoughtfulness are expressed in a gift of Flowers.

Governor Daniel Proclaims Period For TB Seal Sale

Governor Price Daniel this week asked Texans to remember that the fight against tuberculosis continues in Texas.

In proclaiming the period November 15 to December 24 Christmas Seal Days, the governor stated that, "Modern drugs, medical science and better living conditions have lowered the once terrible death rate of tuberculosis in Texas, but there has been no such decline in the number of new tuberculosis cases found each year."

"It is estimated that 22,000 people in our state have active tuberculosis. In the nation in 1956, 100,000 new cases were discovered. Every five minutes another American falls prey to tuberculosis, and last year 15,000 persons died of this disease."

"The governor signed the Christmas Seal proclamation in the presence of Carolyn Calvert of Austin, Miss Calvert's title Miss Texas. Miss Calvert is the daughter of Supreme Court Justice and Mrs. Robert W. Calvert, and her mother has long been active on the board of the Texas Tuberculosis Association. This and local tuberculosis associations over the state are supported by the annual sale of Christmas seals. Seals will be in the mails November 15.

Clyde Grices Talk to Nephew in Antarctic

An unusual telephone visit was enjoyed by Mr. and Mrs. Clyde Grice in Hamlin Monday night. It came from a nephew of the couple, Bobby Frank Grice of Hubbard, who is with a U. S. Army unit in the Antarctic conducting "Operation Deep Freeze."

Young Grice is a radio operator for the unit. He called by short wave to "ham" operators in West Texas and was picked up by one at Brownfield. The Brownfield man then connected the Grices by telephone with the soldier some 6,000 miles away and they talked for about 15 minutes.

The Herald has carbon paper.

County 4-H Youths To Go to Area Meet

District III 4-H Club Council will meet at Vernon Saturday, November 16, according to Mary Newberry, Bill Lehmberg and Ray Walker Jr., Jones County extension agents.

Patsy Wade and Delbert Wilson, both of the Anson Junior Leaders 4-H Club, are to represent Jones County at the meeting.

Patsy and Delbert were elected at the last regular county council meeting. They take with them the combined experience of 12 years' club work. Both are junior leaders and active in all phases of 4-H Club work.

The delegates will be guests at the District III Gold Star banquet, to be held later that day.

Juniors Lead High School Classes on Honor Roll of Second Six-Week Period

Members of the junior class at Hamlin High School for the second time this year headed the classes making the honor roll for the second six-week period of school. Juniors had 37 on the top ranking list, released this week by High School Principal B. V. Newberry.

Sophomores, with 27, were second on the honor roll, and the seniors and freshmen tied for the third place with 26 names on the list.

The complete honor roll as released by Newberry follows:

Seniors: All As — Sara Kay Fomby, Whynama Hayes, Bill Murff, Elva Siburt, Joe Stephens and Eva Wallace; A average — Don Drummond, Deloris Carter, Everett Gibson, Joyce Grimm, Cline Irving, Charles Jenkins, Bob Spaulding and Renee Moore; B honor roll — Bob Carter, Lanier Foster, Bob Haynes, Joyce Hines, Donna McGuire, Maria Mendoza, Don Rose, Benita Smith, Sandra Stuart, Carl Weaver, Virgil Wilson and Shirley Willis.

Juniors: All As — Eddie Gabriel, Libby Johnson, Louise Lakey, Gene Murff and Ginger Rabjohn; A average — Mike Brandon, Jerry Carlton, Wyvonne Conner, Jerry Crowley, Billy Dorniney, Dudley Griggs, Betty Maberry, Judy Parker, John Richey, Gloria Rodgers, Bryan Shelburne and Teddy Westmoreland; B honor roll — Wesley Acklin, Boyce Blankinship, Lance Carmichael, Stephen Carmichael, Barbara Conley, Anna Lou Fudge, Jo Ann Hallum, Laretha Hill, Fay LaBaume, Alice Holden, George Jenkins, Peggy Killion, Phillip Miller, Melba Osborne, Barbara Waldon, Gerald Renfro, Glenda Williams, Don Shivers and Judy Teichmann.

Sophomores: All As — Geneva Brinegar, Arlon Baize, Peggy Dodd, Sam Hodges, Phyllis Hollis, Lana Lancaster, Cynthia Patterson, Ann Richey and Iona Seaton; A average — Pat Bigham, Butch Boyd, Barbara Cheshler, Victor Criswell, Brenda Fincannon and Carol Jo Simpson; B honor roll — Eva Chrane, Ronnie Dodd, Ronnie Fleckenstein, Rebecca Ferguson, Judith Ford, Martha Gage, Terry Scott, Dwight Griggs, Pat Kelly, Ann Maberry, Kay Millhorn and Ken Prewit.

Freshmen: All As — Nina Jean, Myra Siburt, Montie Wade and

Stallion from Hamlin Wins Dallas Awards

The Appaloosa stallion Cayenne Pepper owned by Ben H. Turner of Hamlin, and shown and ridden by his brother, Charlie F. Turner, won five places at the Appaloosa Horse Show at Dallas last weekend.

Cayenne Pepper was the reserve champion in the reining class, and other honors won by the stallion were: Second place in the junior reining class; third place in the open juvenile reining class; second place stallion foaled in 1955; and fourth place in ranch riding.

BACK TO THE START.
Druggist—"Did the mudpack I suggested improve your wife's appearance?"
Customer—"It did for a few days, but then it wore off."

HELP FOR THE DAY.

He who governed the world before I was born shall take care of it likewise when I am dead. My part is to improve the present moment.—Wesley.

NEW 58 FORD

Proved and approved around the world!

NOW AT YOUR LOCAL HAMLIN FORD DEALER'S

58 FORD

THE WHOLE WIDE WORLD WAS ITS TEST TRACK! Yes, the 58 Ford is the car that circled the world and conquered every conceivable kind of driving condition from mountain snow to desert sand to monsoon mud. This is graphic proof of the stamina and dependability and driveability that are yours in the 58 Ford!

And what about Ford's style for 58? Well, the French summed it up in one word—"magnifique!" From Honey-combed grille to Safety-Twin taillights the 58 Ford is a steel-sculptured beauty that'll win your heart like it won hearts around the world.

Power? Ford's got it aplenty! And it's economical power, too. Three brand-new Interceptor V-8's feature Precision Fuel Induction to squeeze the utmost from today's modern fuels. Team an Interceptor powerhouse with Ford's versatile, all-new Cruise-O-Matic Drive and you can have savings of up to 15% on gasoline.

And there's so much more that's new in the 58 Ford . . . Magic-Circle steering, for example, to make your steering feather-easy . . . and optional Ford-Aire Suspension for the newest in a true air ride to really cushion road shock—give you the best ride ever!

But don't just take our word for it. Come in and see and try the 58 Ford. Do it today!

Football Banquet Planned by HHS Pep Squad and Band Tuesday Evening

Plans for the 1957 football banquet at which gridders of Hamlin High School are honored every year, are getting underway by members of the Pep Squad and the Piped Piper Band. The outstanding social function will be staged at the high school gymnasium Tuesday evening, November 19, at 7:30 o'clock.

Tickets and invitations are in charge of Benita Smith, Louise Lakey, Kay Millhorn, Sara Fonoy and Betty Maberry.

The trophy committee for the football hero consists of Emma Payne, Joyce Gray, Dorra Stapler, Pat Kelly, Ann Maberry, Jennie Law, Judy Ford, Nina Jena, Jennie Wada Martin, Myra Siburt and Dora Palmer.

The decorating and planning committee consists of these Pep Squad and band members: Sandra Stuart, Wynama Hayes, Joyce Waldon, Jo Ann Hallum, Billie Dominey, Glenda Wright, Bryan Shelburne, Joe Stephens, Georgeanna Fitzgerald, Libby Johnson and Wyvonne Conner.

The food committee is composed of Deloris Carter, Melba Osborne, Glenda Williams, Judy Teichelman, Barbara Butler, Nell Waldon, Alice Holden, Renee Moore, Joyce Grimm, Donna Kidd, Peggy Killion, Peggy Dodd and Ginger Rabjohn.

Eva Wallace, head majorette, will be toastmaster for the affair.

A hostess committee made up of the majorettes and cheer leaders will greet the guests as they arrive. They are Elva Siburt, Louise Lakey, Kay Millhorn, Judy Parker, Renee Moore, Donna Kidd, Joyce Grimm, Peggy Killion, Benita Smith and Betty Maberry.

Those on the program committee include Eva Wallace, Jimmy Bryson, Joe Stephens, Elva Siburt, Bill Murff, Virgil Wilson and Stephen Carmichael. Entertainment will be provided by a group from Hardin-Simmons University at Abilene.

ADDING THE EX.

The pensive girl now has a daughter who is expensive.

Hamlin Homemakers To Attend District Meeting at Merkel

Forty-two members of the Hamlin High School chapter of the Future Homemakers of America will be in Merkel Saturday to attend the district meeting of representatives from area schools.

Theme for the day is "Family Affairs," and the program will be directed by President Carolyn Vines of Albany and Vice President Joyce Grimm of Hamlin.

Dr. Joe Humphrey, dean of McMurry College at Abilene, will speak on youth problems in the family. Mrs. Theron Guffey will talk about what is new in fabrics for the family, and this will be followed by skits presented by the Stamford Wylie and Abilene chapters on "Family Affairs." The Hamlin chapter will present a skit on "Safety in the Family." Other chapters having parts on the day's program are Lueders, Moran and Breckenridge.

The Hamlin group will be accompanied by their sponsors, Mrs. Joe Wayne Carter and Mrs. James E. Simmons.

Baptist WMS Groups Meet in Circles for Mission Study Work

Members of the Woman's Missionary Society of the First Baptist Church met in circles Monday afternoon for Bible study. The second lesson from the book, "Soul Winning Experiences in the Bible," was studied.

The subject of study was "A Man Called Peter." The Littleton Circle met with Mrs. S. C. Ferguson Sr., and Mrs. Bowen Pope taught the lesson. The Lockett Circle met with Mrs. George Campbell, with Mrs. Wallace Walton teaching the lesson. The Lois Glass Circle met with L. R. Fowlers, and Mrs. LaFoy Patterson taught the lesson. The

Young Mother May Scheme to Take Part In Church Activities

Participation in church and community activities often is difficult to manage for mothers of small children.

"There just isn't time with the children and housework," a young mother of three explained. "And I can't afford to hire a sitter so I can gad around."

But many committee chairmen have forgotten how busy and tied down a young mother can be, so they decide the mother's plea is just an excuse. Then when the children are grown, and mother has time to give, she often discovers she no longer is sought.

If you are the mother of small children it's up to you to see that you aren't forgotten during the busy years. If you are willing to help a worthy cause, you can handle a small job at home.

Envelopes can be addressed during your spare moments, or you might volunteer to type a report. When it's time for a church supper, you can volunteer to do some of the advance kitchen work in your home—like cutting bread for stuffing or cleaning celery.

Most churches are aware of the problem of the young mother who can't attend church services because of small children. If you have been staying away from church for this reason, investigate the church's baby sitting services. Many churches have a nursery where parents leave their small children during the service. Not only is this a convenience to the mother, but it keeps her and her family in the "church habit."

Mae Davis Circle met with Mrs. Esther Carmichael, and Mrs. J. C. Greenway taught the lesson. The Lockett Circle met with Mrs. George Campbell, with Mrs. Wallace Walton teaching the lesson. The Lois Glass Circle met with L. R. Fowlers, and Mrs. LaFoy Patterson taught the lesson. The

Rubber bands at The Herald.

Dressed-Up Potatoes Can Add Variety to Menus for Family

Potatoes may be combined with other foods for dishes to tempt the most discriminating. A favorite from the Northeast is red flannel potatoes—diced red, beets added to hashed brown potatoes.

For snowy white mashed potatoes add fresh lemon during mashing. To heighten the flavor add small amounts of powdered thyme, marjoram, nutmeg or grated onion. For a special treat serve mashed potatoes in individual buttered custard cups, topped with a cube of butter and grated cheese, and baked in a moderate oven for 10 minutes.

Baked potatoes on the half shell are tempting. Scoop out the baked potatoes, being careful not to damage the shells. Mash the potatoes with butter, hot milk and peanut butter. Season to taste. Fold in stiffly beaten egg whites. Refill the shells. Sprinkle with grated cheese and bake in a hot oven until golden brown.

For creamed potatoes with subtle flavor cook diced, sliced or while tiny potatoes. Combine with a medium thick white sauce. Add a garlic bud. Heat.

SOGGY IN THE MIDDLE.

"I cooked a sponge cake for you, darling," said the June bride, "but it didn't turn out right. I think the grocer delivered the wrong kind of sponges."

Science Develops New Tablets

Relieves Painful Monthly Cramps For 3 out of 4 Women Tested!

Gives Greater Relief Than Aspirin!

For millions who suffer torture of cramps, nervous tension every month, an amazing new tablet brings greater relief than aspirin! Its unique combination of medicines acts on the cause of distress. (Even contains blood-building iron.) For 3 out of 4 women tested, pains and cramps were stopped or strikingly relieved. Called "Lydia Pinkham's Tablets," they're sold at all drug stores. Try Pinkham's Tablets yourself. See if you don't escape much of the irritability and discomfort during your period! all druggists, today, also have famous Lydia E. Pinkham's Vegetable Compound.

Karen Irvin Named County 4-H Girl To Receive Gold Star Award for 1957

Karen Irvin, 17-year-old daughter of Mr. and Mrs. Hollis Irvin of Noodle, is Jones County's Gold Star award winner, Mary Y. Newberry, home demonstration agent, has announced.

Karen, who has been a member of the Noodle 4-H Club for eight years, has taken an active part in 4-H Club work. She has received seven awards in dress reviews, five achievement pins, two dress review medals, and food preparation, clothing and dairy foods medals. In the district she won second in 1955 and 1956 in a dairy foods demonstration and third in her records in the home economics contest in 1957. She won first place in leadership on records in 1957 and received an all-expense paid trip to the leadership laboratory at the Bastrop State Park at Bastrop.

At the present Karen is president of the Noodle Senior 4-H Club, vice chairman of the 4-H Council and a member of the Jones County program building committee. She has served as council delegate, clothing demonstrator, reporter, secretary and treasurer of her club. She has also served as vice president and foods demonstrator.

In addition to her many 4-H activities she is active in

school and church, being pianist in her church.

The Gold Star award is the highest honor a 4-H Club member can receive on a county level. Karen will be one of the District III winners who will receive her Gold Star award at the district banquet in Vernon at the Wilbarger memorial auditorium on November 16.

Mr. and Mrs. Hollis Irvin and the agent will accompany Karen to Vernon.

Mr. and Mrs. Dean to Stage Open House

Mr. and Mrs. John Dean of 1001 Northwest First Street in Hamlin will celebrate their golden wedding anniversary Sunday afternoon, November 17, with open house to their friends.

Friends are invited to call between 2:30 and 5:00 p. m. The affair is being sponsored by children of the couple.

NO SKILL REQUIRED.

Frank—"Is your wife athletic?" George—"Hardly. Her only form of exercise is running up bills."

PHONE 20

"THEY'RE CATCHING ON, BUT THEY CAN'T CATCH UP." That's how lots of people feel about the "new 1958" cars that are trying to match the Dodge Swept-Wing look. These other cars have been lowered some, but still seem high and boxy by comparison. A few are "catching on" to fins, but they're years from

"catching up." And the air suspension offered by some cars (at well over \$100 extra) can't compare with the sway-free, dip-free ride of Dodge Torsion-Aire (standard equipment on all models). So on your way home from someone else's new car showing, stop in and compare it with Swept-Wing 58 by Dodge. You'll see what we mean.

State Capital NEWS

Vern Sanford, Manager, Texas Press Association.
 ...Days of old seem to have dawned over Texas lawmakers. They ended their first session this week and launched No. 2.

It's the first time in more than a decade that a governor has convened a legislature in two rapid sessions.

Main topic for the second session is a bill to authorize closing of public schools threatened by occupation by federal troops.

Governor Price Daniel issued the second call when it became apparent that this issue could not be squeezed into the final days of the first session.

House and Senate had difficulty coming to agreement on details of the first session's five-point program: Water planning, lobby control, crime study, practice before state agencies, and money for an insurance department building.

Not-Splitting.—Senate insurance committee is continuing to split on whether to establish whether a person is an insurance agent or not with reports of irregularities in a Dallas firm.

Insurance Department Commissioner Wayne Tinkler told the committee that he began an examination of Preferred Life last month. He ran into difficulties, and asked for help from the department's legal counsel. He did not get it, Tinkler said, and finally moved in a report in June.

His audit indicated that Preferred's president owed the company some \$100,000 due to stock manipulations, Tinkler reported. "But no action was taken in the department until September when a brief conference was held."

Bond Program Launched.—At least one phase of Texas water conservation program now has the local go-ahead.

Approving a constitutional amendment, voters cleared the way for issuance of \$200,000,000 in bonds to finance local water projects.

Though only about one-tenth of the electorate (185,000) turned out, all three proposed amendments receiving approximately three-to-one majorities.

Other two will provide increased retirement benefits for state employees and authorize higher pension payments.

You are invited to attend the

REVIVAL SERVICES

Beginning Sunday at the

No. Central Ave. Baptist Church

in which

Jake Armstrong

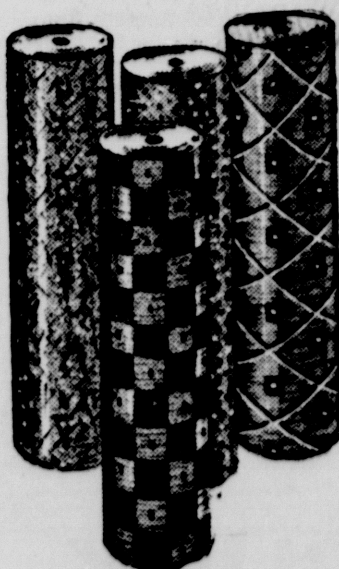

Pastor of the Hawley Baptist Church, will do the preaching.

per development of an over-all program: (4) sale of water storage acquired by the state in federal reservoirs to any qualified political sub-division as quickly as possible.

School Work Okayed.—Improvements have been authorized by the State Board of Hospitals and Special Schools for nine scholars and hospitals. Included are state schools at Abilene and Austin state hospitals at San Antonio, Kerrville and Harlingen, the Austin State School Farm Colony and the Confederate Home for Men. Costs will total \$261,000.

Divorce May Alter Income Tax Returns

If you are getting a divorce you probably won't be concerned about how much income tax it may cost or save you, reminds Tax Man Sam, in a release to The Herald. Texas is a community property state, and all the income of the husband and wife is ordinarily community income up to the date of divorce.

All the deductions, expenses and salaries of both husband and wife have to be divided up for income tax purposes. Let's hope that you don't have

to get in to splitting your income and expenses as a part of divorce proceedings. But it might be better to get the blanket completely split, including your income tax, while the splitting is going on.

A FISH'S VIEW.

A baby sardine was happily swimming with his mother when he saw his first submarine. Shaken with fright, he dashed to his mother's side.

"Don't worry, honey," soothed his mother, "it's just a can of people."

A STORY IN WORDS.

If you don't think plain English can be confusing, how about this conversation heard recently in a local hardware store:

"Do you have any four-volt, two-watt bulbs?"
 "For what?"
 "No, two."
 "Two what?"
 "Yes."
 "No."

THAT'S THE WAY IT WAS.

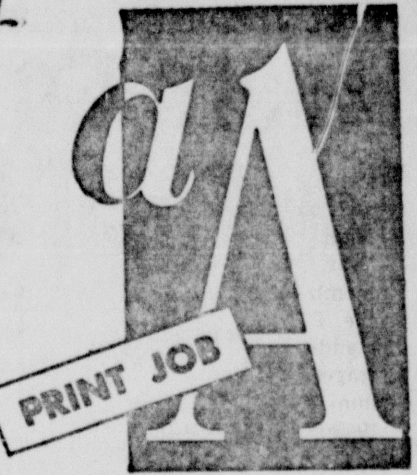

Small boy explaining a broken window to policeman: "I was just cleaning my slingshot and it went off."

Pipers Go to Haskell Friday For Final Grid Game of Year

Tilt Will Have No Bearing on District Crown

Final will be written on Hamlin High School's football season Friday night when the Pied Pipers travel to Haskell for the annual affair with the Indians. The tilt will have no bearing on the district 4-AA championship inasmuch as Hamlin and Haskell both have been eliminated from the running.

Hamlin has lost to Seymour, Stamford and Anson. Haskell forfeited to Seymour, lost to Stamford and Anson.

Hamlin has the better season record, having won five, lost three and tied one. Haskell has won four and lost five.

Reeling from last week's slam in the face from the Anson Tigers, The Pied Pipers enter the final melee with none-the-less determination to save what record they can when they go to Haskell.

Both the Pied Pipers and Indians had been rated behind the Seymour and Stamford crews early in the season, but Anson's defeat of both the teams has been an upset of the dope bucket.

With fair football weather a big delegation of fans is expected to follow the Hamlin gridders to the Haskell game Friday night.

Junior High Gridders Play Anson Saturday

Hamlin Junior High School's champion Mighty Mice will travel to neighboring Anson for the last football game of the season Saturday night. Game time will be 7:00 o'clock.

The game was originally scheduled to be played on Tuesday night of last week but was postponed because of inclement weather.

Coach Harry Martin's team will be trying to keep their record perfect for the year. This marks the second year in a row that the Junior High team has won a conference championship. Last year they shared the honor with Anson.

DISTRICT 4-AA STANDINGS

With the final week of the 1957 football season staring teams of District 4-AA in the face things have just about resolved themselves into a pattern expected by many players, coaches and fans in the team standings.

Standings of the teams for the season, after Friday night's tilts, follow:

All-Season Standings.				
Teams—	P.	W.	L.	T. Pct.
Seymour	8	8	0	1.000
Anson	9	7	1	.833
Stamford	9	7	2	.778
Hamlin	9	6	2	.722
Haskell	9	4	5	.444

District 4-AA Standings.

San Antonio Show Offers Big Prize List

Ninth annual San Antonio Livestock Exposition and Rodeo will be held February 7 through 16, 1958, at Bexar County Coliseum with more than \$86,000 total prizes and premiums offered.

According to E. W. Bickett, president of the exposition, livestock and horse show premiums offered total \$55,000. Junior livestock show, limited to any Texas entry from a boy or girl 9 to 21 years old, offers premiums of \$2,724.

CELEBRATING.

Tramp—"Lady, I'm hungry. Could you give me a piece of cake?"

Lady—"Isn't some bread good enough?"

Tramp—"Yes, ma'am, but today's my birthday."

Jimmy Roberts Leads Tigers to 19-13 Hamlin Win

Too much Jimmy Roberts and a stronger Anson line than the Pied Pipers expected to face last Friday night spelled defeat for the gridders of Hamlin High School in a game that eliminated the local crew from the District 4-AA race. The Tigers held the long end of a 19 to 13 score after a hard fought battle between the long feeding aggregations.

Most of the stands were filled for the game that featured lots of passes, frequent punts and seven penalties. The spectators got their money's worth of excitement in the game that was not settled for sure until the final whistle.

Roberts, 155-pound Anson half-back, accounted for all three of the Anson touchdowns. He ran across the double stripe in the second, third and fourth quarters. Hamlin talked both their touchdowns in the final quarter.

After a scoreless first quarter, Anson scored early in the second period when Roberts took a hand-off from Freshman Quarterback David Propst and went five yards for the six-pointer after a penalty against Hamlin had placed the oval in the five-yard spot. Thomas Martin's try for the extra point went wild.

Seven minutes deep in the third quarter Roberts again went over for pay dirt on a 57-yard sprint, and Martin's extra point boot was good.

Halfback Virgil Wilson put the Pied Pipers in business in the fourth period when he took a pass from Quarterback Bill Murff with two minutes away in the final period, and Charles Jenkins boot was good.

The Tigers then made it 19 to 7 when Roberts again got away for another touchdown on a pass with eight minutes gone in the quarter, and Martin again converted.

Then with a minute and a half left in the game, Hamlin improved its score with another pass touchdown. Wilson again snagged a toss from Murff to score, but the extra point boot was no good.

Games Provide Variety Program For Lions Tuesday

A series of games and contests provided a very interesting and lively diversion for members of the Hamlin Lions Club when the civic group met Tuesday at noon at the oil mill guest house.

The games were under the direction of Tail Twister Joe League and Stan Sheppard. Jim Howard King and Ed Croan acted as assistants to the tail twister.

The games were principally contests with balloons, coins in glass containers and for smokers. Oddly enough four non-smokers were picked at random from the group for a contest for five smoking cigarettes.

It was announced by Program Chairman Stan Sheppard that the first ladies' night program of the new club year will be held at the Primary School cafeteria on the evening of Thursday, December 12, when a Christmas theme will be used for decorations and program.

Buddy Wells was welcomed as a new member of the Lions Club. Initiation ceremonies will be performed next Tuesday, it was announced.

Guests at the Tuesday luncheon included Floyd Feller and H. C. Haney of Abilene.

District 4-AA Football Race About Over as Seymour Blanks Stamford

Last week-end's football games of District 4-AA teams just about resolved the championship pattern for the five member teams, and the Stamford Bulldogs, two-time state champion finalists were routed from the top rung. The Seymour Panthers clouted the Bulldogs 19 to 0 on their home ballfield to apparently take the coveted laurels. Of course, Anson could upset the dope bucket and clout the Panthers, but that is hardly likely. A Seymour loss would put Stamford and Seymour in a tie for the top dog place.

Anson defeated Hamlin 19 to 13 in the other district tilt, while the Haskell Indians were idle for the week-end.

The strong Seymour Panthers proved the contentions of many grid fans of this section of Central West Texas that they were district champion material when they routed the Stamford Bulldogs, last year's state AA champions, Friday night to the tune of 19 to 0 in a tilt played on the Seymour grid. First touchdown came late in the first quarter when R. L. McClung intercepted a Stamford pass on the 37-yard spot and ran all the way for the tally. Center Bill Moss converted. Larry Martin racked up

the second Seymour touchdown in the second period on a five-yard push, and the kick by Moss was wide. Fullback Eddie Syptak accounted for the final six-pointer on a 26-yard end sweep, and the extra point kick by Moss counted. Seymour made 13 first downs to nine for Stamford. The Panthers rolled up 193 yards on rushing to 107 for the Bulldogs, and connected with four of eight passes for 97 yards while Stamford completed nine of 16 aeriels for 23 yards.

In the 19 to 13 lacing administered to the Hamlin Pied Pipers by the Anson Tigers, it was Jimmy Roberts who accounted for all three of the touchdowns, and Thomas Martin booted one of the three extra points. Passes from Quarterback Bill Murff to Halfback Virgil Wilson netted both for the Pied Piper touchdowns and Charles Jenkins' toe accounted for one extra point. Anson made 13 first downs to 11 for the locals. But Hamlin made more ground in both rushing and passing than the winners, racking up 199 yards on the ground to 174 for the visitors, and 145 in completing seven of 14 passes to 113 yards passing for Anson on eight of 13 aeriels. Hamlin lost two fumbles while the Tigers lost to the Pied Pipers three times.

Deer Hunters Get Ready for Season Opening Saturday

Hamlin area deer hunters were preparing middle of the week to take off very shortly for several sections of the state for their annual sport of bringing back the venison. Several parties were being organized, and probably others unknown to The Herald were in the making.

Two groups were planning to go to the Big Bend country where certain days are declared open season for the larger-than-usual black tail deer that have increased in number in recent years under government protection.

Of course, the Mason country which has been the most popular spot for Texas hunters will still attract most of the nimrods hereabouts.

Sam Balze and Ted Russell are to be members of one party going next week to the Big Bend country. Holly Toler and Archie Pardue of Stamford were to be in another group going to the south-west.

Stanley and Art Carmichael.

THE CASHING IN.

A man is not paid for having a head and hands, but for using them.

NO LIMITING FACTOR.
There's no limit to the good a man can do if he doesn't care who gets the credit.

Hollis Madden, Joe Hudspeth, B. O. Bell and Bob Riddell were to be joined by Harry Carmichael of Sweetwater on a trip to the Mason country.

Willard Jones was planning to take a group of Rochester hunters to his ranch south of Junction in Real County.

Paint Creek Lake and Others in Area Show High Water Level for October

In the first week of October there were no appreciable amounts of flood flow in Texas streams, but by the 13th heavy showers and thunderstorms were causing flooding on the North Concho, Middle Concho, Em Creek and the upper Colorado River at Robert Lee and Ballinger, observes the Board of Water Engineers for the state of Texas in its monthly water condition report for October. The report continues: From October 13 to about the 25th flood flows were generally being recorded on the lower reaches of rivers from the Guadalupe to the Sabine. At the end of October most of the flood flow had receded to more normal flows for this time of year.

Usable storage in major Texas reservoirs increased from 86 to 90 per cent of potential conservation capacity. Total storage increased 557,510 acre feet to 10,707,960 acre feet during October, which is one-half of total storage capacity.

Water levels rose during October in all selected observation wells with the exception of the well near Buda in Travis County. Despite the rise, the well in the El Paso area was at the lowest water level ever recorded for October. Water level rises ranged from 0.1 foot in the El Paso area observation well to 7.2 feet in the observation well near San Antonio.

Of interest to this section were small rises occurring all over the upper Brazos River basin. The largest and only one of consequence was at Hubbard Creek near Breckenridge on October 14 where a discharge of 18,300 cubic feet per second occurred. There was flow in the Brazos River near South Bend the entire month. The flow of the Brazos at Richmond was low for the first two weeks, receding to a minimum discharge of 1,300 cfs. on the 14th. This flow was largely maintained by releases from upstream reservoirs. A rise began on the 14th and on the 20th reached a discharge of 80,000 cfs. at Richmond. The flow then receded slowly.

Mark Holloway Named 1957 4-H Gold Star Winner

Mark Holloway, 16-year-old Anson 4-H Club boy, has been selected to receive the 1957 Gold Star award, according to Bill Lehmburg and Ray Walker Jr., Jones County extension agents. This is the highest county award a 4-H Club member can receive. Mark is the son of Mr. and Mrs. W. M. Holloway of Anson.

Young Holloway's 4-H career began in 1950 when he was nine years old. His projects have included dairy cattle, tractor maintenance, crop production, leadership and recreation. He has won numerous prizes and ribbons on his registered dairy stock both on a county and district level.

County awards he has won include the dairy award and in addition to his gold star he will receive the junior leadership award this year.

Mark attended the 1957 state 4-H Club Round-Up award as a member of the district winning share-the-fun contest.

He is a member of the Anson Junior Leaders 4-H Club and is high ranking student in the junior class of Anson High School. He is a guard on the Tiger football team, and has been elected to serve on the Student Council for the junior class.

The award will be made Saturday, November 16, at the annual District III gold star banquet sponsored by the West Texas Utilities Company.

Others who will attend the banquet include Mr. and Mrs. Holloway, and district council delegates, Patsy Wade and Delbert Wilson.

4-H Clubs to Observe Achievement Day At Anson Nov. 18

Local observance of National 4-H Club Achievement Day will be November 18 at 7:00 p. m. in the Anson High School auditorium, according to Mary Newberry, Bill Lehmburg and Ray Walker Jr., Jones County extension service agents.

The program will be to recognize boys, girls and adults who have done an outstanding job in Jones County 4-H Club work.

A guest speaker will present the achievement awards.

An officers of the Farm Bureau will present special Farm Bureau awards to the outstanding boy from each 4-H Club in the county.

Judy Simmons and Jimmy Roberts of the Anson Junior Leaders 4-H Club will be masters of ceremonies at the program.

DePriest School Sets Open House Nov. 24

Open house will be conducted at DePriest Colored School in Northeast Hamlin Sunday afternoon, November 24, it is announced by E. S. Morgan, principal of the school. Visiting hours will be from 2:00 to 5:30 p. m. The public is invited.

Featured at the open house will be the new homemaking cottage that has recently been completed at the school. Other school work and activities will be demonstrated, Morgan says.

It's a safe bet that people who sleep like a baby don't have one.

Freight Carloadings For Santa Fe Decline

Freight carloadings for the Santa Fe Railway System for the week ending November 2, 1957, were 25,621 compared with 25,635 cars for the same week in 1956, reflecting only a slight decline from the year ago total. Cars received from connections totaled 11,999 compared with 13,335 for the same week in 1956.

Total cars moved were 37,620 compared with 38,370 for the same week in 1956. Santa Fe handled a total of 25,560 cars in the preceding week this year.

For Want of a Nail

For want of a nail, a shoe was lost;
For want of a shoe, a horse was lost;
For want of a horse, a rider was lost;
For want of a rider, a kingdom was lost.

THROUGH the centuries this bit of philosophy has been used to bring home a fact we've all observed . . . how an insignificant event can lead to more and more important occurrences . . . and eventually to great calamities . . . or to great good.

Trade in Hamlin

... so your dollars will work longer for you

It Pays to Buy Where You Live!

The casual purchase of a pair of shoes . . . a garden hose . . . an occasional chair . . . a tube of toothpaste . . . multiplied thousands of times . . . is the base upon which the prosperity of every community is erected.

Better-paying jobs, more profitable business, more valuable property . . . better schools, stronger churches, fuller living . . . depend on these thousands of little transactions . . . each important as each brick is important in a great structure, and as the fabled nail was important to all the people of a great kingdom.

One drop of water out of the ocean makes the ocean smaller; every penny of local money that is spent in some other town makes this community smaller and less prosperous . . . and every penny that is spent here at home means a little better living in a little better place to live for all of us who make our homes here.

Of all the business establishments in the world—only those in Hamlin are sincerely interested in the future of Hamlin and in the future of YOU who live here . . .

Ernie Kovacs Stars In Zany Military Film Slated for Ferguson

Ernie Kovacs, the zany TV comedian, makes his motion picture bow in Columbia Pictures' new comedy, "Operation Mad Ball," at the Ferguson Theater next Wednesday, Thursday and Friday. He is starred with Jack Lemmon, Kathryn Grant, Arthur O'Connell and Mickey Rooney.

Although Kovacs worked almost every day of the film's 35-day shooting schedule, he considered it a breeze compared to the strenuous 18 to 20 days of television.

"When I left New York every one said I'd hate Hollywood," Ernie confesses. "They said it isn't stimulating like New York and TV. Well, a bee sting in the seat of the pants can be pretty stimulating, too, but who wants to go around jumping from bee stings all his life?"

In "Operation Mad Ball" Kovacs plays a stuffy Army captain at a U. S. military hospital in

Baptist Educational Edifice Nearly Ready

New \$60,000 educational building being erected by the First Baptist Church will be ready for occupancy Sunday week. It was announced this week by Rev. Calvin Bailey, pastor of the church. Interior finishing and installation of furniture and fixtures were being completed this week, he said.

The two-story brick veneer educational building, located southeast of the present church structure, will provide three assembly and classroom areas for the cradle roll and nursery departments. On the second floor will be three assembly and 19 classrooms for junior and intermediate departments.

In the United States Navy the executive officer is the one next in line to the captain.

France after the war who is constantly outmaneuvered by Lemmon and Rooney who arrange a secret GI dance with the nurses.

Rotary Speaker Says Hamlin Best Little City in Area

"Hamlin is the best little city in Central West Texas from a business standpoint," declared an Abilene businessman, R. L. McMillan, when he spoke at the last Wednesday noon luncheon meeting of the Hamlin Rotary Club. He elaborated on the wonderful economy of the community, declaring that Hamlin had the makings of a growing community.

McMillan declared that the entire West Texas region is favored for future prosperity by many factors—plenty of area to grow, marvelous natural resources, citizens with vision and determination. He recalled the depression as a means to putting the country on a more stable foundation for consistent growth, saying that in 1930 the country was operating on 70 per cent credit and 30 per cent cash; now these figures are almost reversed. He said that agriculture is the basis for most prosperity, and urged more stable economics for operations of farms in the territory.

Living standards in America, McMillan said, have been raised four-fold since 1900 by automation, increased incomes and better economics.

Besides the speaker, other guests at the Wednesday luncheon were Turner Beard of Snyder.

Hamlin Invited to Send Cowgirl to Fort Worth Rodeo

Hamlin has been invited to have a "day" at the 1958 Southwestern Exposition and Fair Stock Show in Fort Worth by President-Manager W. R. Watt.

In his letter to Hamlin Watt urged that a cowgirl sweetheart be named so that she can be introduced to the rodeo audience in Will Rogers Memorial Coliseum. The city also is invited to send its high school band so that the students may give a concert on the stock show grounds. The band members will be guests at the rodeo performance.

Watt expressed the hope that the city also would have a delegation of citizens wearing hats and badges proclaiming their home town.

Annie Oakley, Western heroine of TV and motion pictures, will be star of the 1958 rodeo. Dates of the Fort Worth exposition are January 24 through February 2.

"We believe you will agree," Watt's letter states, "that each city having a day will derive worthwhile recognition and that everyone participating will have a good time."

"You also will be giving wonderful assistance to your Fat Stock Show—oldest in the nation—which has been serving the great livestock industry for 62 years. We are grateful for your cooperation."

W. M. Blackburn of Stamford, Don Brown of Abilene, and Virgil Wilson, Hamlin High School senior, who was recognized as Junior Rotarian for the month.

Area People Asked To Aid Muscular Dystrophy Drive

Hamlin area people are being urged during the month of November to have a part in a campaign to raise funds for the National Muscular Dystrophy Research Foundation, which has its headquarters at Liberty.

Governor Price Daniel has designated November as "Erase Muscular Dystrophy Month" in Texas, and this is the slogan being used in the campaign.

Sallie and Nadine Woods of Liberty, victims of the disease and co-founders of the dystrophy foundation, announced that the campaign is being led by chapters in major cities such as Houston, Beaumont, Port Arthur, Galveston, Baytown and many others.

Mrs. Geneva Robeson of Hamlin is chairman of the muscular dystrophy drive for the Ladies' Auxiliary to the Veterans of Foreign Wars of Texas, and is directing the woman's group in participation in the campaign.

The drive was preceded Sunday November 3, with a nation-wide prayer crusade led by the challengers. Their appeal for prayers that a cure be found for the disease sounded the start of the campaign.

Funds from the drive will be used primarily to finance research into the cause and cure of muscular dystrophy. Research projects are now underway in Texas at the University of Texas Medical Branch at Galveston, Baylor University College of Medicine at Houston, University of Texas Biochemical Institute at Austin and Trinity University at San Antonio.

From David learn to give thanks for everything. Every furrow in the book of Psalms is sown with seeds of thanksgiving. — Jeremy Taylor.

Folks who never do any more than they get paid for never get paid for any more than they do. — Elbert Hubbard.

Mrs. Waincott Is Called by Death Friday Afternoon

Fourth pioneer of the Fairview community, southeast of Hamlin, to answer the Grim Reaper's call within a month, Mrs. Sarah Ellen Waincott, died Friday afternoon in the Stamford Sanitarium after a five-month illness. She had been in the sanitarium for four months.

Mrs. Waincott was 89 years of age, and had been a resident of the community for 46 years. She was a long time member of the Fairview Baptist Church.

Born as Sarah Ellen Corbell in Bastrop County, on October 2, 1868, she was the daughter of Mr. and Mrs. George Corbell. She married G. W. Waincott in that county on October 2, 1890, and the couple moved to this section in 1911, where they engaged in stock farming. They retired from active farm operation several years ago.

Funeral services were conducted Sunday afternoon at 2:30 o'clock at the Fairview Baptist Church. The pastor, Rev. M. E. Randolph, assisted by Rev. K. E. Woolley of Benjamin, former pastor, officiated.

Burial was in the Hamlin East Cemetery under the direction of Hamlin Funeral Home. Pallbearers were grandsons of the octogenarian.

Surviving Mrs. Waincott are her husband, G. W. Waincott; one son, George Waincott of Hamlin; four daughters, Mrs. Isaac (Josephine) Holmes of Abilene, Mrs. John (Gladie) Brockman of Woodson, Mrs. Ben (Lora) Whitaker of Henrietta and Mrs. Ethel Allan of Hamlin; two brothers, Bascom Corbell and David Corbell of Red Rock; 14 grandchildren and 28 great-grandchildren.

All successful individuals have become such by hard work; by improving moments before they pass into hours and hours that other people may occupy in the pursuit of pleasure.—Mary Baker Eddy.

Frigidaire has a complete line of value-packed ranges—one of them is just what you need for your kitchen. Come in and see them!

Be happy! Live Better—Electrically

West Texas Electric Company

CLYDE GRICE, long time ginner, oil mill builder and manager, who in recent years has graduated into the cattle business, declares that the average ranchman today is in the best position to make some money he has been in many years — provided, of course, he has managed to come through the drouth years with livestock or can purchase some.

He tells us that on a ranch he has in Foard County he has the best winter grass and weed crop he has ever seen for pasture. His cows and calves are doing splendidly, and prospects are bright for a good ranching year ahead.

As a sidelight to his ranching operations he told of some recent varmint trapping on his place to the north. He built a big enclosure about 10 feet square, placing a guinea rooster in the center in a separate compartment. Trap doors in four corner pens permit varmints to enter.

"The other morning I went out to check the trap. Don't know who was more surprised—me or a big bobcat which I had bagged, as I neared the snare. That old guinea rooster, too, was plenty excited about the whole ordeal, too."

MANY OF US have come to the point in life where we just don't give a darn about a lot of things that used to interest us. A lot of the zip and spizzinkum seems to have left us for good.

F. G. Kernan, writing in one of the favorite magazines coming to our domicile, put these thoughts in so-called rhyme with . . .

You've reached middle age
When to loaf you're content,
And you "get up and go"
Has got up and went.

MORE AND MORE motorists are forgetting manners and good tastes when they drive. Our highways, which are getting finer and more beautiful, are losing much of their appeal by being littered from one end to the other with every manner of trash and rubbish from cars and trucks.

Beer cans are some of the most objectionable trash that is being thrown along our thoroughfares all over the country. A rhymester recently had this observation to make:

Oh, how they gleam and glitter
Wherever highways run,
Those gems of roadside litter:
Beer cans in the sun!

An as old country boy who believes people should have to pay for cleaning up their own trash, we repeat a method we believe would work, and at the same time relieve the non-users of the vast expense of tax money to clean up this rubbish: Have the highway department folks who pick up the cans to sort them according to brands, then assess the brewers for their pro-rata part of the highway clean-up expense.

SINGING SOLO—Representative Dixon Holman of Fort Worth is shown in Austin as he entertained the House of Representatives by singing three songs while strumming his guitar. Holman, who has recorded several records, played for the lawmakers after they adjourned for the day. The House gave him a standing ovation after he completed the entertainment.

Rains Still Hamper Cotton Harvesting

Rainy weather that has persisted in the Hamlin area for several weeks, hampering the harvest of

the best cotton crop in 10 years, maintained its vigil hereabouts during the past week. Rainfall for the past six days has totaled a little more than an inch at Hamlin, and has been reported heavier in neighboring communities.

First Methodist Pastor Helps Plan Crusade

To help make plans for the state-wide crusade, "Tell Texas About Christ" to be promoted by the Methodist Churches of Texas, Rev. Edmund W. Robb, pastor of the First Methodist Church, was in Dallas Tuesday to attend a meeting of representatives of the five Texas conferences.

Robb is representative of the Northwest Texas Conference, and the session will convene the executive council on youth evangelism.

Robb declares the forthcoming crusade will be the greatest evangelistic effort in the history of Methodists in Texas.

GOT HIM RILED UP.

A sailor who was about to have a tooth pulled was so frightened at the prospect that the dentist sympathetically offered him a shot of whiskey. That seemed to help so he gulped down still another.

"Feel any braver?" asked the dentist.

"Do I feel any braver?" snarled the sailor. "Brother, I'd like to see anybody try to mess with my teeth now!"

Hamlin FFA Teams to Participate in District Contests Monday at Stamford

Hamlin High School chapter of Future Farmers of America plans to enter six teams in the Stamford District FFA leadership contests next Monday at Stamford. The boys are preparing this week for the contests in their regular classroom studies.

Hamlin boys will enter teams in junior and senior chapter conducting, junior and senior farm skills demonstrations, junior FFA quiz, and farm radio broadcasting.

Main purpose of the leadership contests, according to T. C. Blankinship and Harold Eades, local advisors and instructors of the vocational agriculture group, is to further aid the boys in leadership and citizenship training which they receive in their class work.

North Jones County Singing Set Sunday

Special singing groups are expected to attend the Jones County North Side singing Sunday at the singing of God Church in South Hamlin.

Singing will get underway about 2:00 o'clock, to which the public is invited, say officials of the singing organization.

In the chapter conducting phase of the contest the boys learn how to conduct a business meeting according to recognized practices of parliamentary procedure, using Roberts Rules of Order as a guide.

Farm skill demonstrations consist of selecting some skill which the boys need to learn more about and then practice that skill until they are thoroughly familiar with it. During the actual contest the boys will tell the importance of the skill, materials needed for the skill, and then actually demonstrate and explain the skill before their judges.

The Junior FFA quiz team studies all about the aims and purposes and functions of the FFA and its history and then take a written examination at the contest.

The radio team will use a script related to some local aspect of agriculture and present their program over a loud speaker system before judges.

Since the local group has not completed their teams, names for the six teams are not available at this time.

Hamlin boys will compete with FFA chapters from 16 vocational agriculture departments in this general area.

DePriest School New Homemaking Cottage In Service

New homemaking cottage for DePriest Colored School was put into service this week with resumption of class work at the institution, it is reported by E. S. Morgan, principal.

Recently completed at a cost of about \$7,000, the building consists of a sewing room, living room, dining area, bath and a two-unit kitchen. The kitchen is equipped with electric and gas cook stoves.

Mrs. W. L. D. Glass, area supervisor of the State Department of Education, will visit the school this week, concentrating her inspection on the homemaking department.

Mrs. E. F. Ford, the homemaking instructor, says the group of girls is in the midst of the first semester's work. This semester's project have included units on family relationship, child development and foods. They are studying foods now.

Mrs. Ford will attend the district Negro Homemaking Association meeting to be held at Lubbock Saturday. She will carry along Eula Davis, Juanita Douglas and Jessye Faye Williams.

Christmas Seals For TB Funds Put In Mails in Area

Mailings containing Christmas Seals designed to raise funds for the continuing work of the Jones County Tuberculosis Association were due to be put in the mails today (Thursday), according to Ima B. Dougherty of Anson, chairman of the county unit.

More than 2,000 letters containing the seals, with return envelopes, had been prepared by members of the Hamlin Business and Professional Women's Club.

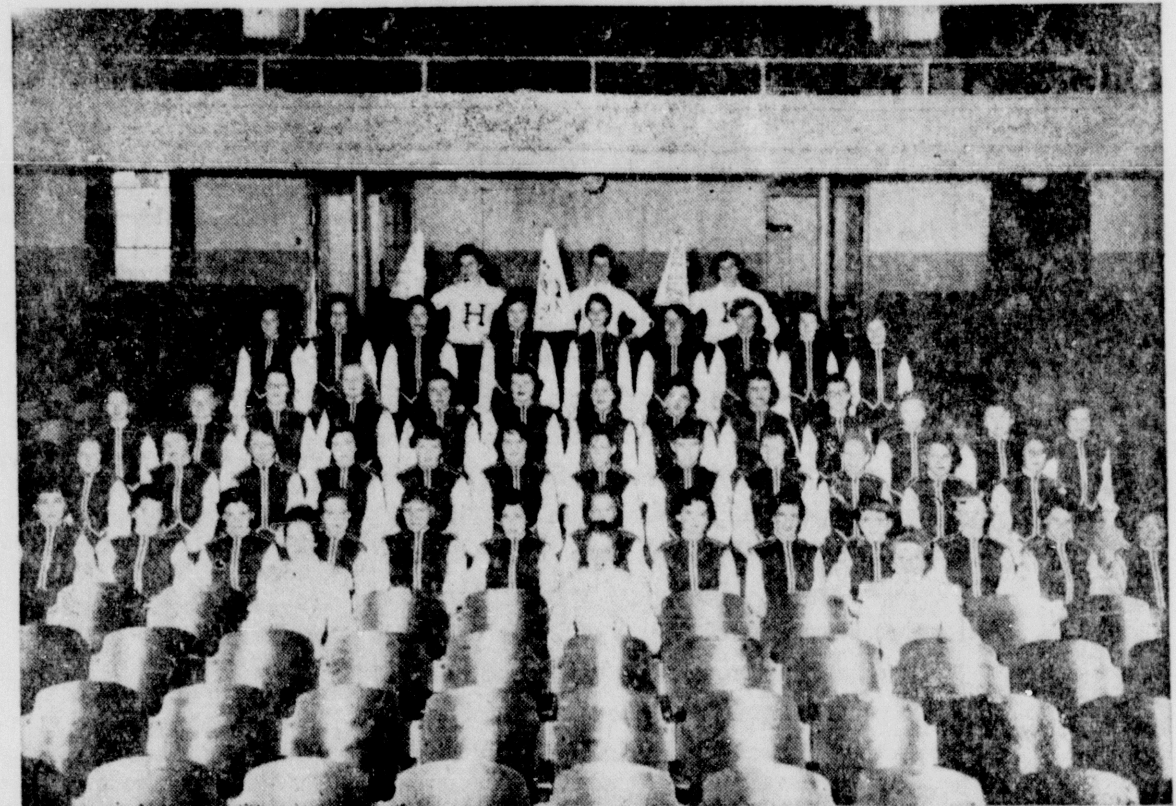

Miss Dougherty gave the following information in connection with dispatch of the letters:

Since 1907 most American families have received and responded to letter which contain Christmas seals and request a contribution to fight tuberculosis the year around. This has helped to cut the TB death rate 95 per cent. Yet TB still kills more people than all infectious diseases combined. No one is safe from TB until all are safe.

TB will not be wiped out this year or next year, but great progress has been made. Help protect yourself from tuberculosis by helping eradicate this contagious disease from your home town.

When you buy Christmas seals you make a gift for the future, when TB will be wiped out.

Remember to answer your letter—buy and use Christmas seals!

PLAYING AN IMPORTANT ROLE in providing enthusiasm and encouragement at all the football games of the Hamlin High School Pep Squad for the season that will close Friday night has been the group of Pep Squad girls shown above. Directed by Dora Mitchell, the girls have performed in their colorful green-and-white uniforms at all but one game. Members of the Pep Squad are: Elva Siburt, head cheer leader; Eva Wallace, head majorette; Emma Payne and Alice Holden, managers; Wynama Hayes, Joyce Hines, Benita Smith, Sandra Stuart, Barbara Butler, Paula Andres; Billis Dominey, Jo Ann Hallum, Lethera Hill, Louise Lakey, Betty Maberry, Melba Osborne, Gerry Rutherford, Judy Teichmann, Barbara Waldon, Glenda Williams, Glenda Wright, Judy Ford, Betty Galloway, Pat Kelly, Joyce Gray, Frances Howard, Ann Maberry, Kay Milliam, Carolyn Nunley, Dorna Stapler, Lillie Sue Austin, Gwendolyn Brown, Minna Campbell, Londa Cavitt, Eula Mae Collins, Darla Harkey, Jorene Hudspeth, Suzanne Jenkins, Nina Jean, Jennie Lynn Law, DeNetta McCracken, Reta Maynard, Melinda Martin, Dora Faye Palmer, Charlene Pendley, Ann Rabjohn, Janice Richardson, DeGwen Sanderlin, Sarah Snapp, Myra Siburt, Jane Taylor, Janice Ueckert, Sharon Wyatt and Nell Waldon.

Date for Community-Wide BCD Banquet Set January 10

Pasture Clinic to Attract Farmers to Anson Tuesday

Numbers of Hamlin area farmers and ranchers should be interested in a county-wide pasture clinic that will be conducted at Anson next Tuesday, November 19, starting at 10:00 a. m. in the county court room.

E. M. (Ted) Trew, pasture specialist with the Texas A. & M. Extension Service, will conduct the meeting, according to Bill Lehmsberg, county agent, and Ray Walker Jr., assistant extension agent.

The morning program will be devoted to information on winter and summer temporary pastures, grazing management, hay production, use of silage and silage varieties and working pastures into a farming system.

After lunch at 1:00 p. m. the group will visit two pasture demonstrations to see comparisons of common sudan, sweet sudan, sorghum alnum and the new perennial sweet sudan.

PREACHING for a series of revival services beginning Sunday at the North Central Avenue Baptist Church will be Rev. Jake Armstrong (above), pastor of the Hawley Baptist Church. Services will be held at 9:00 a. m. and 8:00 p. m. It is announced by Rev. Woodrow McHugh, pastor.

REAL ECONOMY.
The best thing to save for old age is yourself.

Vital Speaker to Be Secured for Special Program

Friday evening, January 10, has been set by members of the arrangements committee for the community-wide banquet for the perfection of the organization of a Hamlin Board of Community Development, according to James Josey, committee chairman.

The affair, expected to attract from 300 to 400 citizens of the Hamlin trade territory, will be held at the new Hamlin High School gymnasium. Time will be 7:00 o'clock.

The project is the fruition of several meetings of civic groups and other club representatives aimed at forming a civic organization to function as a community civic organization since the demise of the Hamlin Chamber of Commerce two years ago.

Committees to make arrangements for the community-wide gathering were named last Tuesday evening when representatives of some 20 community groups met at the oil mill guest house. Names of committeemen were given in last week's Herald.

Chairman Carl Murrell of the program committee says that efforts are being made to secure an outstanding speaker to highlight the program for the evening.

Chairman Gene Prewitt of the nominations committee says his group, made up of presidents of the 20 clubs and other organizations represented, will be called for a session within a few days to discuss plans.

Oak Grove Revival to Begin Monday Night

Revival services will be held for eight evenings beginning Sunday at the Oak Grove Colored Baptist Church, according to the pastor, Rev. W. L. Johnson. Services are scheduled each evening at 7:45 o'clock.

Rev. W. L. Brown, pastor of the Macedonia Baptist Church in Fort Worth, will do the preaching in the revival, beginning Monday.

Hearing Set for Tuesday at City Hall for Public

Proposed route of the widening and straightening project for State Highway 92 from Hamlin to Stamford has about been agreed upon by Texas Highway Department officials and members of the Jones County Commissioners Court. It was announced this week by highway department leaders in this area.

The routing has been kicked around for several months in the face of complications that have been encountered along the various suggested routes. Principal barrier to widening the present route has been the location of the main line of the Lone Star Gas Company along the south line of the present narrow right-of-way. Cost of moving the line has been more than the county could sustain. A route north of the Katy Railway line was surveyed, as well as two other routes south of the present highway.

Present plans call for the route to leave Hamlin on the present route through the colored section, thence east to strike a point just south of Highway 92 about even with the Hamlin East Cemetery. At that point the routing would follow a course some 120 feet south of the gas line, making the highway center about 75 feet south the present highway center.

This routing will necessitate the moving of several farm homes farther back from the highway, but will not mean cutting farms badly as projected in another plan. That pattern would be followed east for some 11 miles to the C. P. Amerson place, where the gas line crosses the highway. From there to the intersection of Highway 277 south of Stamford the route would be a widened project of the present highway.

Voters of the north one-third of Jones County voted last December \$60,000 in road bonds to provide money for purchase of right-of-way. Since the complications require more money than expected, the state has agreed to pay a portion of the cost of additional right-of-way.

A public hearing on the proposed routing of the route in the Hamlin city limits has been set for next Tuesday, November 19, at 2:00 p. m. in the Hamlin city hall.

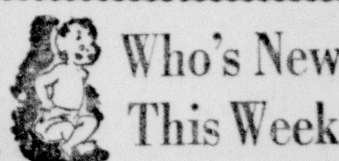

Rev. Jake Armstrong To Lead in Revival at North Central Baptist

Annual fall revival of the North Central Avenue Baptist Church will begin Sunday, it is announced by the pastor, Rev. Woodrow McHugh. The series of services will continue through Sunday, November 24.

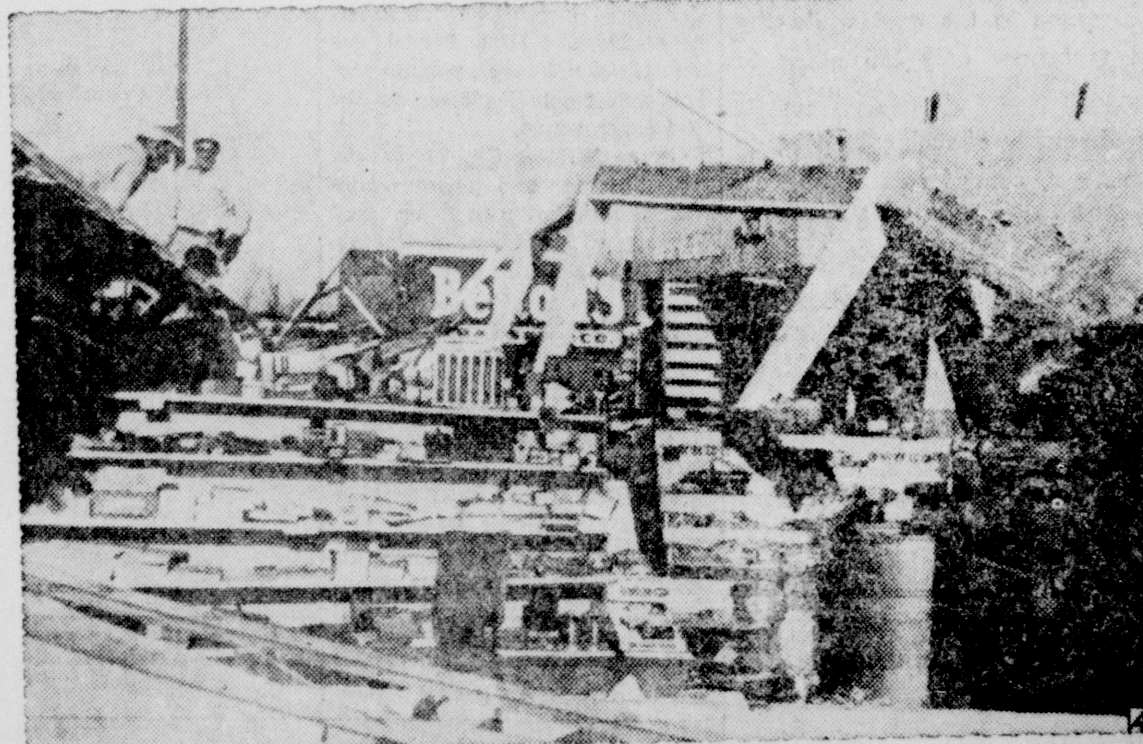

Evangelist for the eight-day will be Rev. Jake Armstrong, pastor of the Hawley Baptist Church. A forceful young preacher, he is an interesting speaker and Bible scholar, declares McHugh. The public is cordially invited to attend all the services.

Morning services will be from 9:00 till 10:00 o'clock, and evening preaching hour will be 8:00. Preceding the evening services prayer groups will meet at 7:30.

An all-night prayer meeting is scheduled for Saturday night preceding opening of the meeting on Sunday, McHugh announces.

Who's New This Week
Mr. and Mrs. Joe J. Koch of Riverside, California, are announcing the arrival on October 31 of a son. Weighing six and one-half pounds, the youngster has been named Jimmie. Mrs. Ed Bailey of Hamlin is the maternal grandmother.

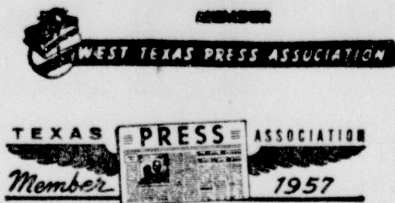

DRUG STORE UNROOFED BY TORNADO—The walls and roof of this drug store at Groves were ripped away by a tornado that killed two persons in the Southeast Texas town. The twisters that struck at the southeast corner of Texas and portions of Louisiana and Mississippi last week killed at least 12 persons and left destruction in their wake.

CAR REGISTRATIONS AND MILEAGES GROWING

Looking across the American landscape, one is held together by a vast network of super-highways, dotted with 300-horsepowered cars, it is hard to believe that within the memory of many of our citizens there is a vivid recollection of stage coaches and prairie schooners.

In fact, just since World War II the scene has changed with incredible rapidity. Eleven years ago 34,000,000 registered vehicles moved across 660,000 miles of surfaced roads. Today, with vehicle registrations nearly doubled to 62,000,000, we are making use of 996,000 miles of the same kinds of highways.

A second glance at the above figures reveals one interesting and challenging fact about our transportation system. While roads have increased a little more than 50 per cent, vehicles have zoomed a whopping 82.4 per cent.

This, then, leaves us with one of the most basic problems in traffic accident prevention. Now, with these unbalanced increases, can we maintain a maximum of safety and, at the same time, improve transportation efficiency?

Here in Texas we have been most fortunate in our road building program. Our State Highway Departments has built and maintained more than 55,000 miles of excellent highways. Our highway patrol is doing an outstanding job of law enforcement.

With these advantages, why is it that in 1956 we suffered 2,611 deaths and injured 111,501 persons on our Texas streets? Why? How can we attack this daily threat to our lives? What is the cause?

Public apathy, in regards to safety training, and absence of safety habits, have actually created the problem.

Engineering of good highways and enforcement of the laws are equally vital to the traffic

safety program, but they are insufficient so long as an indifferent public remains blind to its own responsibilities.

Education is probably the weakest link of the traffic safety chain. Education in our schools and of the general public to develop the proper attitudes.

Take the driver education program, for example. It is sorely in need of expansion. At the present time less than 400 schools are teaching D-E courses, and these reach a relatively few thousand boys and girls. A D-E bill, sponsored by the Texas Safety Association, was recently defeated in the fifty-fifth Legislature. Why? because of a lack of public support. Its failure to pass can only result in additional injury and loss of life to our adults of tomorrow. We cannot expect our youth to learn to drive a car safely without adequate training any more than we could expect them to pilot an airplane without the proper instruction.

Among adult motorists of today's "hurry up" world, impatience for speed seems to be the principal cause of most accidents. It is a hard factor to overcome, because it is difficult to understand why a supposedly intelligent driver will jeopardize his own life, that of his family and a fellow motorist merely to save a few seconds of time. Ignorance must be the answer—somehow or other, this type of driver has failed to learn the simple ratio of speed to death. We Texans are paying for this sort of ignorance, too; at the rate of seven lives and 305 injuries each day, plus an interest rate of over \$150,000,000 a year.

It looks as though the answer to our highway accident ills rests with the individual. As one sage has put it: "When the people tire of the present highway carnage they'll put a stop to it . . . and not before."

Frankly, we hope we tire of it soon!

An ideal Physician

What makes an "ideal physician?" Dr. P. H. Woutat of Grand Forks, North Dakota, has provided his answer, and it's a compelling one. The ideal physician, first, must be a man of top abilities, faultless personal habits and the talent to inspire confidence and respect in others.

He must be active in community affairs of all kinds, and a frequent church-goer.

He must be available to service, educational, religious and other groups which are seeking reliable information on medical subjects.

He must work on and contribute liberally to fund raising campaigns for hospitals, young people's organizations, homes for the aged, charities and other good works.

He must be active in local and state medical societies and must attend hospital staff meetings, as a participant and educator.

He must be a good family man, "with a gracious and tactful wife who abhors mink coats and other vulgar extravagances . . ."

Finally, Dr. Woutat says: "But above all this, he must never fail to give his patients the finest possible medical service, keeping always abreast of medical progress by reading, attendance at medical meetings, and taking frequent post-graduate courses. He must be a tireless worker and improve his public relations by spending adequate time with his patients, answering urgent calls promptly, day or night, and by not keeping his patients waiting. This must all most certainly be done for what has been vaguely defined as a reasonable fee."

All over the country, thousands of doctors are doing a splendid job of living up to these standards as these.—Exchange.

The United States Department of Labor has compiled a report which implies that the excessive wage increases have been the key cause of the rise in prices of the past decade in this country.—Humbolt, Iowa, Republican.

Editorial of the Week

FREE ELECTIONS THE REAL TEST

The United States is ever ready to meet the Russians half way in any sincere move to let a world tensions. But let's not be overwhelmed by the new TV personality, Nikita Krushchev, as we would be by a Lawrence Welk.

Our State Department was quick to emphasize that there was nothing new in Krushchev's proposals with respect to disarmament and troop withdrawal. Furthermore, Senator William F. Knowland, writing in a recent issue of Western World, gave effective replies to the Communist boss even before his television interview.

Knowland pointed out that Soviet proposals to reduce armed strength in Europe have always been coupled with a demand that United States forces be pulled back to North America. This means, for practical purposes, that the first line of effective western defense of Europe would be 3,000 miles to the west while the Soviets would withdraw only 500 miles to the east.

The military absurdity of such a step is, as Knowland points out, clear for all to see. If Russia really wants genuine peace, he argues, let it withdraw all of its military and political forces from the enslaved nations and allow the United Nations to hold free elections there. "The greatest force for stability and peace in the world," says the senator, "is human freedom."

What say to this, Mr. Krushchev?—Grit.

Our forefathers knew the blessing of planting at seed time, reaping at harvest time without government restriction, and the joy of deserved repose after hard and satisfying labor. They lived by God's command of "six days shalt thou labor," and looked only to God and their own efforts to provide their needs.—Prestiss, Mississippi, Headlight.

RECALLING Other Years

★ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

THIRTY YEARS AGO.

News of interest in the Hamlin community of 30 years ago included the following, reproduced from the issue of The Hamlin Herald dated November 11, 1927:

Honor roll for the high sixth and low seventh grades lists these names: Dorothy James, Elaine Harris, Ouida Merle Withers, Vivian Brown, Mildred Nobles, Ruby Faye Greenway, Bernice Faurey, Delbert Rountree, Edith Bruner, Evaline Graham and Oletta Carlton.

Hamlin's Pied Pipers defeated the Stamford football boys in a fast game Friday afternoon by a score of 7 to 6.

The home of Mr. and Mrs. Orb Fannin on the N. R. Packwood farm in the Flat Top community was destroyed by fire Saturday afternoon.

Hilton School opened Monday. Teachers are Prof. and Mrs. Reeves, Letha Rowland and Miss Green.

TWENTY YEARS AGO.

Printed as news in the Hamlin vicinity 20 years ago were the following items, taken from the issue of The Hamlin Herald dated November 12, 1937:

Ann Ferguson, a student in Texas Tech at Lubbock, spent the week-end here with her mother, Mrs. B. S. Ferguson.

Bert Pribble was in El Paso Monday and Tuesday on business.

Thad Harden, who is doing post-graduate work at A. & M. College, returned home this week to put his final o. k. on the work of the Harden Hotel.

Hamlin stores were closed all day Thursday in observance of Armistice Day.

Mrs. C. A. Thompson was hostess to members of the G. C. O. Club at her home Wednesday afternoon. Attendees were Meses. A. M. Hood, Grady Brumingham, L. M. Pylate, Roy Hayes, R. P. Holley, Tom Vaughan, T. E. Jones, Ralph Andrus, A. Band, J. T. Young and a guest, Irene Thompson.

TEN YEARS AGO.

Among items of interest in the area 10 years ago were the following news briefs, taken from the issue of The Hamlin Herald dated November 14, 1947:

Hamlin Memorial Hospital will be ready for furniture and equipment this week-end, according to Bowen Pope, manager of the hospital association, which is building the plant. Dr. J. F. Hocott will head the staff at the new institution.

Dr. Will C. House, pastor of the First Methodist Church, will be the Thanksgiving union service Wednesday evening, November 26, at the First Baptist Church, it is announced by the Hamlin Ministerial Alliance, sponsor of the annual union service.

The Hamlin Pied Pipers and the Albany Lions tied 6 to 6 in last Friday night's football game. The two teams are tied for the cellar position in District 11-A. Hamlin has lost seven straight games and tied one.

FIVE YEARS AGO.

Considered news in the Hamlin community five years ago were the items below, reprinted from the issue of The Hamlin Herald November 14, 1952:

Members of the junior and senior classes at McCaulley High School, southwest of Hamlin, went out last Tuesday to the cotton fields and pulled cotton. All receipts, totaling about \$45, went into the junior-senior trip scheduled next spring.

Elected head of the 1952 class of Future Homemakers of America at Hamlin High School was Noel (Duck) Weaver, popular student and football player on the Pied Piper squad.

George W. Poe Sr., 71-year-old retired farmer and pioneer Jones County resident, was found dead Tuesday at his home in Hamlin, probably the victim of a stroke.

ONE YEAR AGO.

Happenings in the territory a year ago included the following, reprinted from the issue of The Hamlin Herald dated October 11, 1956:

A new highway to the Old Glory community north of Hamlin was set as the major project of the recently organized Hamlin Planning Board, according to Fred Smith, president.

Total of 1,128 homes in the Hamlin community were surveyed in the recent religious census conducted by the Hamlin Ministerial Alliance.

Voters of Jones County gave the Democratic ticket a majority in voting last Tuesday.

Cotton Growers to Vote December 10 On Cotton Marketing Quotas Again

Farmers in Texas will have 7,474,661 acres available on which to grow their 1958 upland cotton crop, and producers of extra long staple cotton 27,829 acres.

These state allotments, according to the State Agricultural Stabilization and Conservation Committee, will be apportioned among the counties and the county allotments, to be announced later, among the farm according to the provisions of the law and regulations issued by the secretary of agriculture. The state committee adds that individual farm allotments will be mailed to cotton producers prior to the December 10 referendum on marketing quotas for the 1958 crops.

In the case of extra long staple cotton, the secretary of agriculture has designated 10 Texas counties as being eligible to receive allotments. They are Brewster, Culberson, El Paso, Jeff Davis, Hudspeth, Loving, Pecos, Presidio, Reeves and Ward.

The state committee points out that the December 10 referendum, for upland and extra long staple cotton growers, will determine whether or not marketing quotas will be operative for the 1958 crops. At least two-thirds of those voting in the two referendums must approve the quotas if

they are to remain in effect. Acreage allotments, however, say the committee, will be in effect regardless of how the votes go. Acreage allotments are a condition of eligibility for price support.

A national marketing allotment and national acreage allotment for upland cotton must be proclaimed for the following year if the secretary finds that the total supply of upland cotton for the current marketing year exceeds the normal supply. For extra long staple cotton, quotas and allotments must be proclaimed whenever the total exceeds the normal supply more than eight per cent.

The state committee points out that growers of both types of cotton have approved quotas for the last four years.

HE MUST WORK OUT.

The attractive woman psychiatrist was attending a convention. At one of the lectures the man sitting next to her began giving her the eye, then slowly put his arm around her. Annoyed, she was about to give him an angry retort but suddenly changed her mind.

"Why should I get angry?" she decided. "After all—it's his problem."

Governor Daniel Proclaims Period For TB Seal Sale

Governor Daniel this week asked Texans to remember that the fight against tuberculosis continues in Texas.

In proclaiming the period November 15 to December 24 Christmas Seal Days, the governor stated that, "Modern drugs, medical science and better living conditions have lowered the once terrible death rate of tuberculosis in Texas, but there has been no such decline in the number of new tuberculosis cases found each year."

"It is estimated that 22,000 people in our state have active tuberculosis. In the nation in 1956, 100,000 new cases were discovered. Every five minutes another American falls prey to tuberculosis, and last year 15,000 persons died of this disease."

The governor signed the Christmas Seal proclamation in the presence of Carolyn Calvert of Austin, Miss Christmas Seal of 1957. She also bears the title Miss Texas. Miss Calvert is the daughter of Supreme Court Justice and Mrs. Robert W. Calvert, and her mother has long been active on the board of the Texas Tuberculosis Association. This and local tuberculosis associations over the state are supported by the annual sale of Christmas seals. Seals will be in the mails November 15.

Clyde Grices Talk to Nephew in Antarctic

An unusual telephone visit was enjoyed by Mr. and Mrs. Clyde Grice in Hamlin Monday night. It came from a nephew of the couple, Bobby Frank Grice of Hubbard, who is with a U. S. Army unit in the Antarctic conducting "Operation Deep Freeze."

Young Grice is a radio operator for the unit. He called by short wave to "ham" operators in West Texas and was picked up by one at Brownfield. The Brownfield man then connected the Grices by telephone with the soldier some 6,000 miles away and they talked for about 15 minutes.

The Herald has carbon paper.

County 4-H Youths To Go to Area Meet

District III 4-H Club Council will meet at Vernon Saturday, November 16, according to Mary Newberry, Bill Lehmsberg and Ray Walker Jr., Jones County extension agents.

Patsy Wade and Delbert Wilson, both of the Anson Junior Leaders 4-H Club, are to represent Jones County at the meeting.

Patsy and Delbert were elected at the last regular county council meeting. They take with them the combined experience of 12 years' club work. Both are junior leaders and active in all phases of 4-H club work.

The delegates will be guests at the District III Gold Star banquet, to be held later that day.

Juniors Lead High School Classes on Honor Roll of Second Six-Week Period

Members of the junior class at Hamlin High School for the second time this year headed the classes making the honor roll for the second six-week period of school. Juniors had 37 on the top ranking list, released this week by High School Principal B. V. Newberry.

Sophomores, with 27, are second on the honor roll, and the seniors and freshmen tied for the third place with 26 names on the list.

The complete honor roll as released by Newberry follows:

Seniors: All As — Sara Kay Fomby, Wynama Hayes, Bill Murff, Elva Siburt, Joe Stephens and Eva Wallace; A average — Don Drummond, Deloris Carter, Everett Gibson, Joyce Grimm, Cline Irving, Charles Jenkins, Bob Spaulding and Renee Moore; B honor roll — Bob Carter, Lanier Foster, Bob Haynes, Joyce Hines, Donna McGuire, Maria Mendoza, Don Rose, Benita Smith, Sandra Stuart, Carl Weaver, Virgil Wilson and Shirley Willis.

Juniors: All As — Eddie Gabriel, Libby Johnson, Louise Lakey, Gene Murff and Ginger Rabjohn; A average — Mike Brandon, Jerry Carlton, Wyvonne Conner, Jerry Crowley, Billy Dornley, Dudley Griggs, Betty Maberry, Judy Parker, John Richey, Gloria Rodgers, Bryan Shelburne and Teddy Westmoreland; B honor roll — Wesley Acklin, Boyce Blankinship, Lance Carmichael, Stephen Carmichael, Barbara Conley, Anna Lou Fudge, Jo Ann Hallum, Laretha Hill, Fay LaBaume, Alice Holden, George Jenkins, Peggy Killion, Phillip Miller, Melba Osborne, Barbara Waldon, Gerald Renfro, Glenda Williams, Don Shivers and Judy Teichmann.

Sophomores: All As — Geneva Brinegar, Arion Baize, Peggy Dodd, Sam Hodges, Phyllis Hollis, Lana Lancaster, Cynthia Patterson, Ann Richey and Iona Seaton; A average — Pat Bigham, Butch Boyd, Barbara Cheshler, Victor Criswell, Brenda Fincannon and Carol Jo Simpson; B honor roll — Eva Clark, Ronnie Dodd, Ronnie Fleckenstein, Rebecca Ferguson, Judith Ford, Martha Gage, Terry Scott, Dwight Griggs, Pat Kelly, Ann Maberry, Kay Millhorn and Ken Prewitt.

Freshmen: All As — Nina Jean, Myra Siburt, Montie Wade and

Stallion from Hamlin Wins Dallas Awards

The Appaloosa stallion Cayenne Pepper, owned by Ben H. Turner of Hamlin, and shown and ridden by his brother, Charlie F. Turner, won five places at the Appaloosa Horse Show at Dallas last weekend.

Cayenne Pepper was the reserve champion in the reining class, and other honors won by the stallion were: Second place in the junior reining class; third place in the open juvenile reining class; second place stallion foaled in 1955; and fourth place in ranch riding.

NEW 58 FORD
Proved and approved around the world!

NOW AT YOUR LOCAL HAMLIN FORD DEALER'S

The whole wide world was its test track! Yes, the 58 Ford is the car that circled the world and conquered every conceivable kind of driving condition from mountain snow to desert sand to monsoon mud. This is graphic proof of the stamina and dependability and driveability that are yours in the 58 Ford!

And what about Ford's style for 58? Well, the French summed it up in one word—"magnifique!" From Honey-combed grille to Safety-Twin taillights the 58 Ford is a steel-sculptured beauty that'll win your heart like it won hearts around the world.

Power? Ford's got it aplenty! And it's economical power, too. Three brand-

new Interceptor V-8's feature Precision Fuel Induction to squeeze the utmost from today's modern fuels. Team an Interceptor powerhouse with Ford's versatile, all-new Cruise-O-Matic Drive and you can have savings of up to 15% on gasoline.

And there's so much more that's new in the 58 Ford . . . Magic-Circle steering, for example, to make your steering feather-easy . . . and optional Ford-Aire Suspension for the newest in a true air-ride to really cushion road shock—give you the best ride ever!

But don't just take our word for it. Come in and see and try the 58 Ford. Do it today!

Football Banquet Planned by HHS Pep Squad and Band Tuesday Evening

Plans for the 1957 football banquet at which gridders of Hamlin High School are honored every year, are getting underway by members of the Pep Squad and the Pled Piper Band. The outstanding social function will be staged at the high school gymnasium Tuesday evening, November 19, at 7:30 o'clock.

Tickets and invitations are in charge of Benita Smith, Louise Lakey, Kay Millhorn, Sara Fomby, and Betty Maberry.

The trophy committee for the football hero consists of Emma Payne, Joyce Gray, Norma Staple, Pat Kelly, Ann Maberry, Jennie Law, Judy Ford, Nina Jena, Jennie Wada Martin, Myra Siburt and Dora Palmer.

The decorating and planning committee consists of these Pep Squad and band members: Sandra Stuart, Wynama Hayes, Joyce Waldon, Jo Ann Hallum, Billie Dominey, Glenda Wright, Bryan Shelburne, Joe Stephens, Georganna Fitzgerald, Libby Johnson and Wyvonne Conner.

The food committee is composed of Deloris Carter, Melba Osborne, Glenda Williams, Judy Teichelman, Barbara Butler, Nell Waldon, Alice Holden, Renee Moore, Joyce Grimm, Donna Kidd, Peggy Killion, Peggy Dodd and Ginger Rabjohn.

Eva Wallace, head majorette, will be toastmaster for the affair.

A hostess committee made up of the majorettes and cheer leaders will greet the guests as they arrive. They are Elva Siburt, Louise Lakey, Kay Millhorn, Judy Parker, Renee Moore, Donna Kidd, Joyce Grimm, Peggy Killion, Benita Smith and Betty Maberry.

Those on the program committee include Eva Wallace, Jimmy Bryson, Joe Stephens, Elva Siburt, Bill Murff, Virgil Wilson and Stephen Carmichael. Entertainment will be provided by a group from Hardin-Simmons University at Abilene.

Hamlin Homemakers To Attend District Meeting at Merkel

Forty-two members of the Hamlin High School chapter of the Future Homemakers of America will be in Merkel Saturday to attend the district meeting of representatives from area schools.

Theme for the day is "Family Affairs," and the program will be directed by President Carolyn Vines of Albany and Vice President Joyce Grimm of Hamlin.

Dr. Joe Humphrey, dean of McMurry College at Abilene, will speak on youth problems in the family. Mrs. Theron Guffey will talk about what is new in fabrics for the family, and this will be followed by skits presented by the Stamford Wylie and Abilene chapters on "Family Affairs." The Hamlin chapter will present a skit on "Safety in the Family." Other chapters having parts on the day's program are Lueders, Moran and Breckenridge.

The Hamlin group will be accompanied by their sponsors, Mrs. Joe Wayne Carter and Mrs. James E. Simmons.

Baptist WMS Groups Meet in Circles Study Work

Members of the Woman's Missionary Society of the First Baptist Church met in circles Monday afternoon for Bible study. The second lesson from the book, "Soul Winning Experiences in the Bible," was studied.

The subject of study was "A Man Called Peter." The Littleton Circle met with Mrs. S. C. Ferguson Sr., and Mrs. Bowen Pope taught the lesson. The Lockett Circle met with Mrs. George Campbell, with Mrs. Wallace Walton teaching the lesson. The Lois Glass Circle met with L. R. Fowlers, and Mrs. LaFoy Patterson taught the lesson. The

Young Mother May Scheme to Take Part In Church Activities

Participation in church and community activities often is difficult to manage for mothers of small children.

"There just isn't time with the children and housework," a young mother of three explained. "And I can't afford to hire a sitter so I can get around."

But many committee chairmen have forgotten how busy and tied down a young mother can be, so they decide the mother's plea is just an excuse. Then when the children are grown, and mother has time to give, she often discovers she no longer is sought.

If you are the mother of small children it's up to you to see that you aren't forgotten during the busy years. If you are willing to help a worthy cause, you can handle a small job at home.

Envelopes can be addressed during your spare moments, or you might volunteer to type a report. When it's time for a church supper, you can volunteer to do some of the advance kitchen work in your home—like cutting bread for stuffing or cleaning celery.

Most churches are aware of the problem of the young mother who can't attend church services because of small children. If you have been staying away from church for this reason, investigate the church's baby sitting services. Many churches have a nursery where parents leave their small children during the service. Not only is this a convenience to the mother, but it keeps her and her family in the "church habit."

Mae Davis Circle met with Mrs. Esther Carmichael, and Mrs. J. C. Greenway taught the lesson. The Nannie David Circle met with Mrs. Mattie Bruner, with Mrs. L. B. Shelburne teaching the lesson.

Rubber hands at The Herald.

Dressed-Up Potatoes Can Add Variety to Menus for Family

Potatoes may be combined with other foods for dishes to tempt the most discriminating. A favorite from the Northeast is red flannel potatoes—diced red, beets added to hashed brown potatoes.

For snowy white mashed potatoes add fresh lemon during mashing. To heighten the flavor add small amounts of powdered thyme, marjoram, nutmeg or grated onion. For a special treat serve mashed potatoes in individual buttered custard cups, topped with a cube of butter and grated cheese, and baked in a moderate oven for 10 minutes.

Baked potatoes on the half shell are tempting. Scoop out the baked potatoes, being careful not to damage the shells. Mash the potatoes with butter, hot milk and peanut butter. Season to taste. Fold in stiffly beaten egg whites. Refill the shells. Sprinkle with grated cheese and bake in a hot oven until golden brown.

For creamed potatoes with subtle flavor cook diced, sliced or while tiny potatoes. Combine with a medium thick white sauce. Add a garlic bud. Heat.

SOGGY IN THE MIDDLE.

"I cooked a sponge cake for you, darling," said the June bride, "but it didn't turn out right. I think the grocer delivered the wrong kind of sponges."

Karen Irvin Named County 4-H Girl To Receive Gold Star Award for 1957

Karen Irvin, 17-year-old daughter of Mr. and Mrs. Hollis Irvin of Noodle, is Jones County's Gold Star award winner, Mary Y. Newberry, home demonstration agent, has announced.

Karen, who has been a member of the Noodle 4-H Club for eight years, has taken an active part in 4-H Club work. She has received seven awards in dress revues, five achievement pins, two dress revue medals, and food preparation, clothing and dairy foods medals. In the district she won second in 1955 and 1956 in a dairy foods demonstration and third in her records in the home economics contest in 1957. She won first place in leadership on records in 1957 and received an all-expense paid trip to the leadership laboratory at the Bastrop State Park at Bastrop.

At the present Karen is president of the Noodle Senior 4-H Club, vice chairman of the 4-H Council and a member of the Jones County program building committee. She has served as council delegate, clothing demonstrator, reporter, secretary and treasurer of her club. She has also served as vice president and foods demonstrator.

In addition to her many 4-H Club activities she is active in

school and church, being pianist in her church.

The Gold Star award is the highest honor a 4-H Club member can receive on a county level. Karen will be one of the District III winners who will receive her Gold Star award at the district banquet in Vernon at the Wilbarger memorial auditorium on November 16.

Mr. and Mrs. Hollis Irvin and the agent will accompany Karen to Vernon.

Mr. and Mrs. Dean to Stage Open House

Mr. and Mrs. John Dean of 1001 Northwest First Street in Hamlin will celebrate their golden wedding anniversary Sunday afternoon, November 17, with open house to their friends.

Friends are invited to call between 2:30 and 5:00 p. m. The affair is being sponsored by children of the couple.

NO SKILL REQUIRED.

Frank—"Is your wife athletic?" George—"Hardly. Her only form of exercise is running up bills."

State Capital NEWS

Vern Sanford, Manager, Texas Press Association.
 ...Days of old seem to dawned over Texas lawmakers. They ended their first session this week and launched No. 2.

It's the first time in more than a decade that a governor has conducted a legislature in two rapid sessions.

Main item for the second session is a bill to authorize closing of public schools threatened by occupation by federal troops.

Governor Price Daniel issued the second call when it became apparent that this issue could not be squeezed into the final days of the first session.

House and Senate had difficulty coming to agreement on details of the first session's five-point program: Water planning, lobby control, crime study, practice before state agencies, and money for an insurance department building.

Not Sootlighted.—Senate insurance committee is continuing to establish whether the Texas Insurance Commission is not a Dallas firm.

Insurance Department member Wayne Tinkler told the committee that he began an examination of Preferred Life last month. He ran into difficulties, and asked for help from the department's legal counsel. He did not get it, Tinkler said, and finally turned in a report in June.

His audit indicated that Preferred's president owed the company some \$12,000 due to stock manipulations, Tinkler reported. "But no action was taken in the department until September when a brief conference was held."

Bond Program Launched.—At least one phase of Texas water conservation program now has the local go-ahead.

Approving a constitutional amendment, voters clared the way for issuance of \$200,000,000 in bonds to finance local water projects.

Though only about one-tenth of the electorate (185,000) turned out, all three proposed amendments receiving approximately three-to-one majorities.

Other two will provide increased retirement benefits for state employees and authorize higher state pensions.

Who Foots the Bills.—Texans depend on severance taxes, mainly on oil and gas, for nearly one out of every three state tax dollars.

Tax Analyst John F. Sly of Princeton said this reliance on natural resource taxes has been increasing over the years. Sly, in addressing a meeting of the Texas Research League in Austin, gave what may be a preview of a searching study of Texas' tax structure being undertaken by the league.

Some Sly statistics: State taxes increased from \$123,000,000 in 1940 to \$625,000,000 in 1957. Severance taxes jumped from 16 per cent to 30 per cent of the total in that period. Texas' state and local taxes are \$130 per capita compared to the national average of \$158.

Embarrassment of Riches.—A combination of late spring rains and early fall rains has caught many Texas farmers in a squeeze.

There wasn't enough time in between to raise a crop and get it out of the fields. Agriculture agents in North Texas reported that farmers there stood to lose millions from ruined cotton.

Some ranchers, according to the U. S. Department of Agriculture, have "a very unusual situation—more grass than stock to eat it." This time last year those same ranchers were selling off stock at a sacrifice because they had no feed.

Some grain and winter legume prospects are extremely good, says USDA, though dry weather is now needed for additional planting.

Cotton Acreage Tussle.—For the third straight year East Texas and West Texas cotton farmers are at odds over acreage allotments.

State and county allotments are to be announced by USDA before December 14 when cotton farmers will vote on whether they want a market quota program for 1958.

West Texas farmers contend that their area has been penalized. They say an undue portion of the state's cotton acreage is allotted to the older cotton growing counties of East and Central Texas. One group of West Texans went to federal court last year to try to get the allotments changed.

Opposing them is the Old Cotton Belt Association which has announced it will fight new efforts to wrest acreage from its area.

Speed Law Questioned.—Governor Daniel has been requested to ask the Legislature to re-write the automobile speed limit law.

A recent opinion from the Court of Criminal Appeals called the law "vague and indefinite and therefore invalid." Involved was a conviction for driving 90 miles an hour.

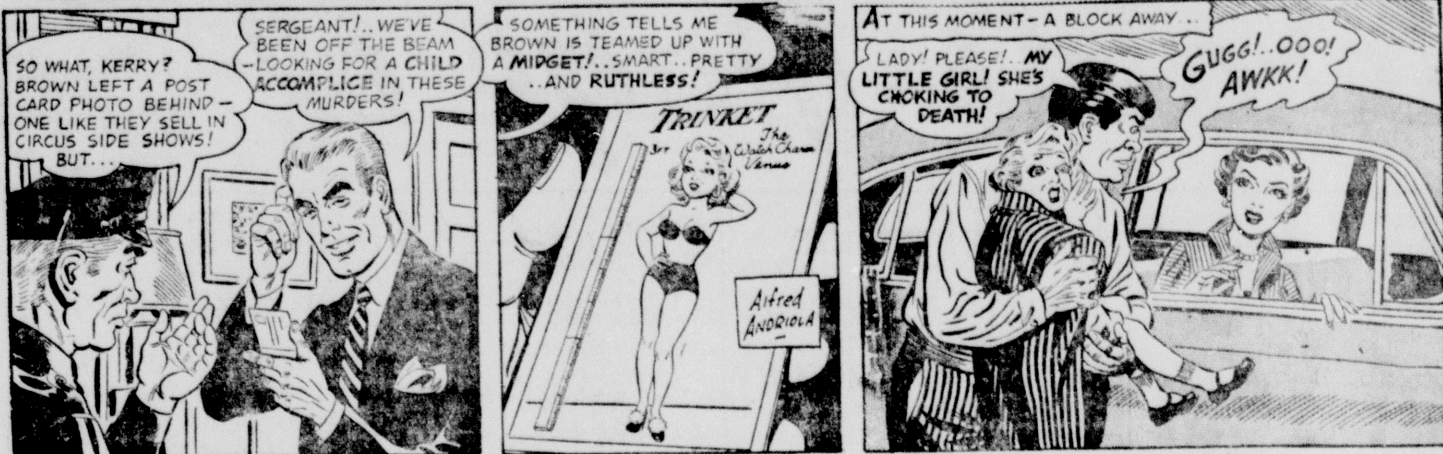

If this law is too shaky for court tests, the Harris County district attorney told the governor one should be written immediately.

Engineers Urge Water Plan.—Texas Society of Professional Engineers has added its voice to those urging an extensive long range water program.

Importance of water to Texas future justified an annual expenditure of \$100,000,000 in the opinion of TSPE's special water study committee.

TSPE's report recommended: (1) Adoption of the governor's proposed legislation; (2) salary increases for the Water Board members; (3) planning on the lowest level possible to allow prop-

KERRY DRAKE

per development of an over-all program; (4) sale of water storage acquired by the state in federal reservoirs to any qualified political sub-division as quickly as possible.

School Work Okayed.—Improvements have been authorized by the State Board of Hospitals and Special Schools for nine schools and hospitals. Included are state schools at Abilene and Austin, state hospitals at San Antonio, Kerrville and Harlingen, the Austin State School Farm Colony and the Confederate Home for Men. Costs will total \$261,000.

Divorce May Alter Income Tax Returns

If you are getting a divorce you probably won't be concerned about how much income tax it may cost or save you, reminds Tax Man Sam, in a release to The Herald. Texas is a community property state, and all the income of the husband and wife is ordinarily community income up to the date of divorce.

All the deductions, expenses and salaries of both husband and wife have to be divided up for income tax purposes. Let's hope that you don't have

to get in to splitting your income and expenses as a part of divorce proceedings. But it might be better to get the blanket completely split, including your income tax, while the splitting is going on.

A FISH'S VIEW.

A baby sardine was happily swimming with his mother when he saw his first submarine. Shaken with fright, he dashed to his mother's side.

"Don't worry, honey," soothed his mother, "it's just a can of people."

A STORY IN WORDS.

If you don't think plain English can be confusing, how about this conversation heard recently in a local hardware store:

"Do you have any four-volt, two-watt bulbs?"

"For what?"

"No, two."

"Two what?"

"Yes."

"No."

THAT'S THE WAY IT WAS.

Small boy explaining a broken window to policeman: "I was just cleaning my slingshot and it went off."

Pipers Go to Haskell Friday For Final Grid Game of Year

Tilt Will Have No Bearing on District Crown

Final will be written on Hamlin High School's football season Friday night when the Pied Pipers travel to Haskell for the annual affair with the Indians. The tilt will have no bearing on the district 4-AA championship inasmuch as Hamlin and Haskell both have been eliminated from the running.

Hamlin has lost to Seymour, Stamford and Anson. Haskell forfeited to Seymour, lost to Stamford and Anson.

Hamlin has the better season record, having won five, lost three and tied one. Haskell has won four and lost five.

Reeling from last week's slam in the face from the Anson Tigers, the Pied Pipers enter the final melee with none-the-less determination to save what record they can when they go to Haskell.

Both the Pied Pipers and Indians had been rated behind the Seymour and Stamford crews early in the season, but Anson's defeat of both the teams has been an upset of the dope bucket.

With fair football weather a big delegation of fans is expected to follow the Hamlin gridders to the Haskell game Friday night.

Junior High Gridders Play Anson Saturday

Hamlin Junior High School's champion Mighty Mice will travel to neighboring Anson for the last football game of the season Saturday night. Game time will be 7:00 o'clock.

The game was originally scheduled to be played on Tuesday night of last week but was postponed because of inclement weather.

Coach Harry Martin's team will be trying to keep their record perfect for the year. This marks the second year in a row that the Junior High team has won a conference championship. Last year they shared the honor with Anson.

DISTRICT 4-AA STANDINGS

With the final week of the 1957 football season starting teams of District 4-AA in the face things have just about resolved themselves into a pattern expected by many players, coaches and fans in the team standings.

Standings of the teams for the season, after Friday night's tilts, follow:

Teams—	P.	W.	L.	T.	Pct.
Seymour	8	8	0	0	1.000
Anson	9	7	1	1	.833
Stamford	9	7	2	0	.778
Hamlin	9	6	2	1	.722
Haskell	9	4	5	0	.444

Teams—	P.	W.	L.	T.	Pct.
Seymour	3	3	0	0	1.000
Stamford	4	3	0	0	.750
Anson	3	2	1	0	.666
Hamlin	3	0	3	0	.000
Haskell	3	0	3	0	.000

Results Last Week.

Anson 19, Hamlin 13.
Seymour 19, Stamford 0.
Anson—Open date.

Where They Play Friday.
Seymour at Anson.
Hamlin at Haskell.
Stamford—Open date.

San Antonio Show Offers Big Prize List

Ninth annual San Antonio Livestock Exposition and Rodeo will be held February 7 through 16, 1958, at Bexar County Coliseum with more than \$86,000 total prizes and premiums offered.

According to E. W. Bickett, president of the exposition, livestock and horse show premiums offered total \$55,000. Junior livestock show, limited to any Texas entry from a boy or girl 9 to 21 years old, offers premiums of \$2,724.

CELEBRATING.
Tramp—"Lady, I'm hungry. Could you give me a piece of cake?"
Lady—"Isn't some bread good enough?"
Tramp—"Yes, ma'am, but today's my birthday."

Jimmy Roberts Leads Tigers to 19-13 Hamlin Win

Too much Jimmy Roberts and a stronger Anson line than the Pied Pipers expected to face last Friday night spelled defeat for the gridders of Hamlin High School in a game that eliminated the local crew from the District 4-AA race. The Tigers held the long end of a 19 to 13 score after a hard fought battle between the long fueding aggregations.

Most of the stands were filled for the game that featured lots of passes, frequent punts and seven penalties. The spectators got their money's worth of excitement in the game that was not settled for sure until the final whistle.

Roberts, 155-pound Anson half-back, accounted for all three of the Anson touchdowns. He ran across the double stripe in the second, third and fourth quarters. Hamlin tieded both their touchdowns in the final quarter.

After a scoreless first quarter, Anson scored early in the second period when Roberts took a hand-off from Freshman Quarterback David Propst and went five yards for the six-pointer after a penalty against Hamlin had placed the oval in the five-yard spot. Thomas Martin's try for the extra point went wild.

Seven minutes deep in the third quarter Roberts again went over for pay dirt on a 57-yard sprint, and Martin's extra point boot was good.

Halfback Virgil Wilson put the Pied Pipers in business in the fourth period when he took a pass from Quarterback Bill Murff with two minutes away in the final period, and Charles Jenkins boot was good.

The Tigers then made it 19 to 7 when Roberts again got away for another touchdown on a pass with eight minutes gone in the quarter, and Martin again converted.

Then with a minute and a half left in the game, Hamlin improved its score with another pass touchdown. Wilson again snagged a toss from Murff to score, but the extra point boot was no good.

Games Provide Variety Program For Lions Tuesday

A series of games and contests provided a very interesting and lively diversion for members of the Hamlin Lions Club when the civic group met Tuesday at noon at the oil mill guest house.

The games were under the direction of Tail Twister Joe League and Stan Sheppard. Jim Howard King and Ed Croan acted as assistants to the tail twister.

The games were principally contests with balloons, coins in glass containers and for smokers. Oddly enough four non-smokers were picked at random from the group for a contest for five smoking cigarettes.

It was announced by Program Chairman Stan Sheppard that the first ladies' night program of the new club year will be held at the Primary School cafeteria on the evening of Thursday, December 12, when a Christmas theme will be used for decorations and program.

Buddy Wells was welcomed as a new member of the Lions Club. Initiation ceremonies will be performed next Tuesday, it was announced.

Guests at the Tuesday luncheon included Floyd Feller and H. C. Haney of Abilene.

District 4-AA Football Race About Over as Seymour Blanks Stamford

Last week-end's football games of District 4-AA teams just about resolved the championship pattern for the five member teams, and the Stamford Bulldogs, two-time state champion finalists were routed from the top rung. The Seymour Panthers clouted the Bulldogs 19 to 0 on their home ballfield to apparently take the coveted laurels. Of course, Anson could upset the dope bucket and clout the Panthers, but that is hardly likely. A Seymour loss would put Stamford and Seymour in a tie for the top dog place.

Anson defeated Hamlin 19 to 13 in the other district tilt, while the Haskell Indians were idle for the week-end.

The strong Seymour Panthers proved the contentions of many grid fans of this section of Central West Texas that they were district champion material when they routed the Stamford Bulldogs, last year's state AA champions, Friday night to the tune of 19 to 0 in a tilt played on the Seymour grid. First touchdown came late in the first quarter when R. L. McClung intercepted a Stamford pass on the 37-yard spot and ran all the way for the tally. Center Bill Moss converted. Larry Martin racked up

Deer Hunters Get Ready for Season Opening Saturday

Hamlin area deer hunters were preparing middle of the week to take off very shortly for several sections of the state for their annual sport of bringing back the venison. Several parties were being organized, and probably others unknown to The Herald were in the making.

Two groups were planning to go to the Big Bend country where certain days are declared open season for the larger-than-usual black tail deer that have increased in number in recent years under government protection.

Of course, the Mason country which has been the most popular spot for Texas hunters will still attract most of the nimrods hereabouts.

Sam Balze and Ted Russell are to be members of one party going next week to the Big Bend country. Holly Toler and Archie Partridge of Stamford were to be in another group going to the southwest.

Stanley and Art Carmichael.

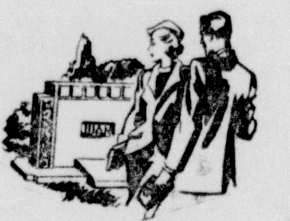

THE CASHING IN.

A man is not paid for having a head and hands, but for using them.

NO LIMITING FACTOR.
There's no limit to the good a man can do if he doesn't care who gets the credit.

Hollis Madden, Joe Hudspeth, B. O. Bell and Bob Riddell were to be joined by Harry Carmichael of Sweetwater on a trip to the Mason country.

Willard Jones was planning to take a group of Rochester hunters to his ranch south of Junction in Real County.

Paint Creek Lake and Others in Area Show High Water Level for October

In the first week of October there were no appreciable amounts of flood flow in Texas streams, but by the 13th heavy showers and thunderstorms were causing flooding on the North Concho, Middle Concho, Em Creek and the upper Colorado River at Robert Lee and Ballinger, observes the Board of Water Engineers for the state of Texas in its monthly water condition report for October. The report continues: From October 13 to about the 26th flood flows were generally being recorded on the lower reaches of rivers from the Guadalupe to the Sabine. At the end of October most of the flood flow had receded to more normal flows for this time of year.

Usable storage in major Texas reservoirs increased from 86 to 90 per cent of potential conservation capacity. Total storage increased 537,510 acre feet to 10,707,960 acre feet during October, which is one-half of total storage capacity.

Water levels rose during October in all selected observation wells with the exception of the well near Buda in Travis County. Despite the rise, the well in the El Paso area was at the lowest water level ever recorded for October. Water level rises ranged from 0.1 foot in the El Paso area observation well to 7.2 feet in the observation well near San Antonio.

Of interest to this section were small rises occurring all over the upper Brazos River basin. The largest and only one of consequence was at Hubbard Creek near Breckenridge on October 14 where a discharge of 18,300 cubic feet per second occurred. There was flow in the Brazos River near South Bend the entire month. The flow of the Brazos at Richmond was low for the first two weeks, receding to a minimum discharge of 1,300 cfs on the 14th. This flow was largely maintained by releases from upstream reservoirs. A rise began on the 14th and on the 20th reached a discharge of 80,000 cfs at Richmond. The flow then receded slowly.

Mark Holloway Named 1957 4-H Gold Star Winner

Mark Holloway, 16-year-old Anson 4-H Club boy, has been selected to receive the 1957 Gold Star award, according to Bill Lehmburg and Ray Walker Jr., Jones County extension agents. This is the highest county award a 4-H Club member can receive. Mark is the son of Mr. and Mrs. W. M. Holloway of Anson.

Young Holloway's 4-H career began in 1950 when he was nine years old. His projects have included dairy cattle, tractor maintenance, crop production, leadership and recreation. He has won numerous prizes and ribbons on his registered dairy stock both on a county and district level.

County awards he has won include the dairy award and in addition to his gold star he will receive the Junior leadership award this year.

Mark attended the 1957 state 4-H Club Round-Up award as a member of the district winning share-the-fun contest.

He is a member of the Anson Junior Leaders 4-H Club and is high ranking student in the junior class of Anson High School. He is a guard on the Tiger football team, and has been elected to serve on the Student Council for the Junior class.

The award will be made Saturday, November 16, at the annual District III gold star banquet sponsored by the West Texas Utilities Company.

Others who will attend the banquet include Mr. and Mrs. Holloway, and district council delegates, Patsy Wade and Delbert Wilson.

4-H Clubs to Observe Achievement Day At Anson Nov. 18

Local observance of National 4-H Club Achievement Day will be November 18 at 7:00 p. m. in the Anson High School auditorium, according to Mary Newberry, Bill Lehmburg and Ray Walker Jr., Jones County extension service agents.

The program will be to recognize boys, girls and adults who have done an outstanding job in Jones County 4-H Club work.

A guest speaker will present the achievement awards.

An officers of the Farm Bureau will present special Farm Bureau awards to the outstanding boy from each 4-H Club in the county.

Judy Simmons and Jimmy Roberts of the Anson Junior Leaders 4-H Club will be masters-of-ceremonies at the program.

DePriest School Sets Open House Nov. 24

Open house will be conducted at DePriest Colored School in Northeast Hamlin Sunday afternoon, November 24, it is announced by E. S. Morgan, principal of the school. Visiting hours will be from 2:00 to 5:30 p. m. The public is invited.

Featured at the open house will be the new homemaking cottage that has recently been completed at the school. Other school work and activities will be demonstrated, Morgan says.

It's a safe bet that people who sleep like a baby don't have one.

Freight Carloadings For Santa Fe Decline

Freight carloadings for the Santa Fe Railway System for the week ending November 2, 1957, were 25,621 compared with 25,035 cars for the same week in 1956, reflecting only a slight decline from the year ago total. Cars received from connections totaled 11,999 compared with 13,335 for the same week in 1956.

Total cars moved were 37,620 compared with 38,370 for the same week in 1956. Santa Fe handled a total of 25,560 cars in the preceding week this year.

For Want of a Nail

For want of a nail, a shoe was lost;
For want of a shoe, a horse was lost;
For want of a horse, a rider was lost;
For want of a rider, a kingdom was lost.

THROUGH the centuries this bit of philosophy has been used to bring home a fact we've all observed . . . how an insignificant event can lead to more and more important occurrences . . . and eventually to great calamities . . . or to great good.

Trade in Hamlin

... so your dollars will work longer for you

It Pays to Buy Where You Live!

The casual purchase of a pair of shoes . . . a garden hose . . . an occasional chair . . . a tube of toothpaste . . . multiplied thousands of times . . . is the base upon which the prosperity of every community is erected.

Better-paying jobs, more profitable business, more valuable property . . . better schools, stronger churches, fuller living . . . depend on these thousands of little transactions . . . each important as each brick is important in a great structure, and as the fabled nail was important to all the people of a great kingdom.

One drop of water out of the ocean makes the ocean smaller; every penny of local money that is spent in some other town makes this community smaller and less prosperous . . . and every penny that is spent here at home means a little better living in a little better place to live for all of us who make our homes here.

Of all the business establishments in the world—only those in Hamlin are sincerely interested in the future of Hamlin and in the future of YOU who live here . . .

Ernie Kovacs Stars In Zany Military Film Slated for Ferguson

Ernie Kovacs, the zany TV comedian, makes his motion picture bow in Columbia Pictures' new comedy, "Operation Mad Ball," at the Ferguson Theater next Wednesday, Thursday and Friday. He is starred with Jack Lemmon, Kathryn Grant, Arthur O'Connell and Mickey Rooney.

Although Kovacs worked almost every day of the film's 35-day shooting schedule, he considered it a breeze compared to the strenuous 18 to 20 days of television.

"When I left New York everyone said I'd hate Hollywood," Ernie confesses. "They said it isn't stimulating like New York and TV. Well, a bee sting in the seat of the pants can be pretty stimulating, too, but who wants to go around jumping from bee stings all his life?"

In "Operation Mad Ball" Kovacs plays a stuffy Army captain at a U. S. military hospital in

Artist Educational Edifice Nearly Ready

New \$60,000 educational building being erected by the First Baptist Church will be ready for occupancy Sunday week. It was announced this week by Rev. Calvin Bailey, pastor of the church. Interior finishing and installation of furniture and fixtures were being completed this week, he said.

The two-story brick veneer educational building, located southeast of the present church structure, will provide three assembly and classroom areas for the cradle roll and nursery departments. On the second floor will be three assembly and 19 classrooms for junior and intermediate departments.

In the United States Navy the executive officer is the one next in line to the captain.

France after the war who is constantly outmaneuvered by Lemmon and Rooney who arrange a secret GI dance with the nurses.

Rotary Speaker Says Hamlin Best Little City in Area

"Hamlin is the best little city in Central West Texas from a business standpoint," declared an Abilene businessman, R. L. McMillan, when he spoke at the last Wednesday noon luncheon meeting of the Hamlin Rotary Club. He elaborated on the wonderful economy of the community, declaring that Hamlin had the makings of a growing community.

McMillan declared that the entire West Texas region is favored for future prosperity by many factors—plenty of area to grow, marvelous natural resources, citizens with vision and determination. He recalled the depression as a means to putting the country on a more stable foundation for consistent growth, saying that in 1930 the country was operating on 70 per cent credit and 30 per cent cash; now these figures are almost reversed. He said that agriculture is the basis for most prosperity, and urged more stable economics for operations of farms in the territory.

Living standards in America, McMillan said, have been raised four-fold since 1900 by automation, increased incomes and better economies.

Besides the speaker, other guests at the Wednesday luncheon were Turner Beard of Snyder.

Sunday Schools Show Gain Over Previous Week as Flu Wanes

With the incidence of the flu and other ailments in the community abating some, attendance at the Sunday Schools of 13 reporting Hamlin churches showed a slight gain over the preceding Sunday. The 1,179 total was still 43 below the year ago total.

Attendance totals, by churches, for November 10, November 3 and a year ago follow:

Area People Asked To Aid Muscular Dystrophy Drive

Hamlin area people are being urged during the month of November to have a part in a campaign to raise funds for the National Muscular Dystrophy Research Foundation, which has its headquarters at Liberty.

Governor Price Daniel has designated November as "Erase Muscular Dystrophy Month" in Texas, and this is the slogan being used in the campaign.

Sallie and Nadine Woods of Liberty, victims of the disease and co-founders of the dystrophy foundation, announced that the campaign is being led by chapters in major cities such as Houston, Beaumont, Port Arthur, Galveston, Baytown and many others.

Mrs. Geneva Bobeen of Hamlin is chairman of the muscular dystrophy drive for the Ladies' Auxiliary to the Veterans of Foreign Wars of Texas, and is directing the woman's group in participation in the campaign.

The drive was preceded Sunday November 3, with a nation-wide prayer crusade led by the challengers. Their appeal for prayers that a cure be found for the disease sounded the start of the campaign.

Funds from the drive will be used primarily to finance research into the cause and cure of muscular dystrophy. Research projects are now underway in Texas at the University of Texas Medical Branch at Galveston, Baylor University College of Medicine at Houston, University of Texas Biochemical Institute at Austin and Trinity University at San Antonio.

From David learn to give thanks for everything. Every turoow in the book of Psalms is sown with seeds of thanksgiving. — Jeremy Taylor.

Folks who never do any more than they get paid for never get paid for any more than they do.—Elbert Hubbard.

Mrs. Wainscott Is Called by Death Friday Afternoon

Fourth pioneer of the Fairview community, southeast of Hamlin, to answer the Grim Reaper's call within a month, Mrs. Sarah Ellen Wainscott, died Friday afternoon in the Stamford Sanitarium after a five-month illness. She had been in the sanitarium for four months.

Mrs. Wainscott was 89 years of age, and had been a resident of the community for 46 years. She was a long time member of the Fairview Baptist Church.

Born as Sarah Ellen Corbell in Bastrop County, on October 2, 1868, she was the daughter of Mr. and Mrs. George Corbell. She married G. W. Wainscott in that county on October 2, 1890, and the couple moved to this section in 1911, where they engaged in stock farming. They retired from active farm operation several years ago.

Funeral services were conducted Sunday afternoon at 2:30 o'clock at the Fairview Baptist Church. The pastor, Rev. M. E. Randolph, assisted by Rev. K. E. Woolley of Benjamin, former pastor, officiated.

Burial was in the Hamlin East Cemetery under the direction of Hamlin Funeral Home. Pallbearers were grandsons of the octogenarian.

Surviving Mrs. Wainscott are her husband, G. W. Wainscott; one son, George Wainscott of Hamlin; four daughters, Mrs. Isaac (Josephine) Holmes of Abilene, Mrs. John (Gladie) Brockman of Woodson, Mrs. Ben (Lora) Whitaker of Henrietta and Mrs. Ethel Allan of Hamlin; two brothers, Bascom Corbell and David Corbell of Red Rock; 14 grandchildren and 28 great-grandchildren.

All successful individuals have become such by hard work; by improving moments before they pass into hours and hours that other people may occupy in the pursuit of pleasure.—Mary Baker Eddy.

Hamlin Invited to Send Cowgirl to Fort Worth Rodeo

Hamlin has been invited to have a "day" at the 1958 Southwestern Exposition and Fair Show in Fort Worth by President-Manager W. R. Watt.

In his letter to Hamlin Watt urged that a cowgirl sweetheart be named so that she can be introduced to the rodeo audience in Will Rogers Memorial Coliseum. The city also is invited to send its high school band so that the students may give a concert on the stock show grounds. The band members will be guests at the rodeo performance.

Watt expressed the hope that the city also would have a delegation of citizens wearing hat-bands or badges proclaiming their home town.

Annie Oakley, Western heroine of TV and motion pictures, will be star of the 1958 rodeo. Dates of the Fort Worth exposition are January 24 through February 2.

"We believe you will agree," Watt's letter states, "that each city having a day will derive worthwhile recognition and that everyone participating will have a good time."

"You also will be giving wonderful assistance to your Fat Stock Show—oldest in the nation—which has been serving the great livestock industry for 62 years. We are grateful for your cooperation."

W. M. Blackburn of Stamford, Don Brown of Abilene, and Virgil Wilson, Hamlin High School senior, who was recognized as Junior Rotarian for the month.
